, What Ails France? Brigitte Granville, 2021-04-01 As evidenced by the yellow vests protest movement that began in France in 2018 the state of the French nation inspires gloom among many of its citizens Brigitte Granville views this malaise as a peculiarly French symptom of the difficulties experienced by many advanced industrial democracies in the face of globalization technology and mass immigration Granville brings trenchant criticism to bear in this wide ranging survey of the political economy of contemporary France building her case for the prosecution on the self-reinforcing rigidity produced by a narrow Parisian oligarchy that is both entitled and intellectually hidebound What Ails France applies an economist's vision to the monetary and fiscal pathologies flowing from this ideologically motivated technocratic rule reflected in Europe's flawed monetary union runaway indebtedness and chronically high structural unemployment The author marshals academic research from a wide range of disciplines to fuel a provocative and at times contentious analysis proposing various treatments for French ailments that would reinvigorate the republican value of liberty with a new local slant A refreshing ideologically freewheeling discussion What Ails France provides a positive take on the innovations of our digital age exploring their potential to bring about a more representative democracy and a fairer society Repenser la démocratie - Premier volume Thierry de Briey, 2021-11-02T00:00:00Z Dans cette somme consacrée à la démocratie Thierry de Briey présente tout d'abord les différentes facettes de celle-ci en adoptant les regards complémentaires de l'historien du philosophe du sociologue du psychologue du politique du géographe et même du mathématicien sur certains sujets techniques tels que le système électoral Il aborde ensuite les questions de la dynamique démocratique au travers de la genèse et du fonctionnement des démocraties et des formes de démocratie montrant leurs avantages et inconvénients C'est l'objet de cette première partie Dans les parties suivantes accessibles en ligne le lecteur découvrira au travers d'analyses approfondies illustrées par de nombreux exemples les limites et dérives de la démocratie en général et en France en particulier 2e partie une démarche méthodologique originale d'amélioration du fonctionnement d'une démocratie 3e partie les conditions d'évolution d'une et vers une démocratie les grandes formes souhaitables pour la France et les rapports entre démocratie et bonheur 4e partie une quinzaine de problématiques complétées par deux sujets d'actualité la démocratie 5e partie Un principe philosophique constitue le leitmotiv de l'ensemble de cet essai le principe de subsidiarité qui selon l'auteur doit être le fondement structurel

et organisationnel de tout régime démocratique
