

## 1. How to Enterprise Activate a BlackBerry:

You should make sure your BlackBerry has ample battery power or plug it into a wall receptacle to charge while it is being activated. Signal strength should also be good.

1. On your BlackBerry device's Main Menu click the **Enterprise Activation** icon. Your device's Main Menu may look different depending on model and carrier; however, you should look for the **Enterprise Activation** icon. If you do not have an icon, you can go to **Options | Advanced Options | Enterprise Activation**.
2. Enter your **RIM Email address and Password**. This is not your network password, but the password provided to Enterprise Activate your BlackBerry. Please keep in mind the **Password** is typically only valid for 48 hours. If you do not activate your BlackBerry within 48 hours of receipt of our email, you will need to open an IT Request to request a new **Password**.

3. Wait for Activation to complete. This may take some time.
