Speedy Publishing, 2014-07-16 ICD 10 PCS is a kind of medical coding that is used to identify what kinds of treatment a patient received and used for billing a patient. Medical coding requires a person to get an education and there is a huge amount of information a person needs to know in order to get a coding certification. One great way to learn the information is with the use of a study pamphlet. The pamphlet can be used to learn the basic information and can keep a student focused on what they need to learn. **Medical Coding: Icd-10-Cm Speedy Study Guides**

Speedy Publishing, 2014-07-16 Every known illness, disease, and condition has a specific number that goes along with the word describing the person's medical problem. Every physician and their office staff must know medical codes for the sake of billing purposes. If the doctor and office staff does not code a specific illness, condition, or disease correctly, the insurance company may not pay for treatment, medication, in-hospital stays, outpatient treatment, and a number of surgical and other procedures performed for the patient, making it impossible for the patient to receive the proper treatment. Common illnesses, diseases, and conditions listed in a pamphlet would enable the medical student to become familiar and able to memorize with the more common medical codes. The bottom line for using proper ICD codes is money reimbursement for the medical community and patient. *Official CPC Certification Study Guide* American Academy of Professional Coders, 2013-12-23 Packed with test-taking tips and techniques, the 2014 CPC CERTIFICATION STUDY GUIDE delivers a current and comprehensive review that is the ideal prep for the AAPC CPC Certification Exam. End-of-chapter questions are modeled after those on the actual certification exam, and operative notes give readers further hands-on experience coding what they have learned. An end-of-guide practice exam gives readers additional practice putting their skills to the test. **Medical Coding (Speedy Study Guide)** Speedy Publishing LLC, 2014-11-20 Individuals
