ERG 2012: Quick Lookup U.S. Department of Transportation (DOT), Transport Canada, Secretariat of Transport and Communications, 2012-09-08. We regret to announce that we at Sheridan Programmers Guild will not produce a 2016 adaptation of the ERG ebook but we will direct our users to the official NIH ERG 2016 app which should work as well as or better than an ebook on many mobile devices. Thank you to everyone who has supported the ERG 2012 Quick Lookup. About This ebook takes the Department of Transportation data published in the Emergency Response Guidebook ERG 2012 and presents it in a familiar form reflecting the print ERG. As an ebook this ERG is searchable. It also includes internal links for quick access to information. For example, if an entry in the yellow section, substances by ID, references the green isolation distances tables, you can tap/click to jump right to the table. The color coding of the official ERG is preserved for a familiar experience and ease of use. The ebook table of contents can be used to jump immediately to any section. This edition is up to date based upon the ERG 2012 and includes all the corrections released by the DOT through April 10, 2013, which are not found in physical copies or other digital versions of the ERG. We strive to be not only the most convenient version available but also the most accurate. The ERG 2012 Quick Lookup offers a speedy and easy platform for accessing the official DOT data. The technical implementation and presentation are unique to our edition. Now available in Spanish and French. The GRE 2012 and GMU 2012 are both available on Play Store. See more from author below or click The team at Sheridan Programmers Guild at the top of this page to see the Spanish and French editions.
