Security, Risk and Human Rights: A vanishing relationship? Anastasia Tsoukala, 2008

We Became Mexican American Carlos B. Gil, 2012-08-17 This is a story of Mexican family that arrived in America in the 1920s for the first time And so it is a tale of immigration settlement and cultural adjustment as well as generational progress Carlos B Gil one of the American sons born to this family places a magnifying glass on his ancestors who abandoned Mexico to arrive on the northern edge of Los Angeles California He narrates how his unprivileged relatives walked away from their homes in western Jalisco and northern Michoacán and traveled over several years to the U S border crossing it at Nogales Arizona and then finally settling into the barrio of the city of San Fernando Based on actual interviews the author recounts how his parents met married and started a family on the eve of the Great Depression With the aid of their testimonials the author's brothers and sisters help him tell of their growing up They call to memory their father's trials and tribulations as he tried to succeed in a new land laboring as a common citrus worker and how their mother helped shore him up as thousands of workers lost their jobs on account of the economic crash of 1929 Their story takes a look at how the family survived the Depression and a tragic accident how they engaged in micro businesses as a survival tactic and how the Gil children gradually became American or Mexican American as they entered young adulthood beginning in the 1940s It also describes what life was like in their barrio The author also comments briefly on the advancement of the second and third Gil generations and in the Afterword likewise offers a wide ranging assessment of his family's experience including observations about the challenges facing other Latinos today

Without History Jose Rabasa,2010-06-27 On December 22 1997 forty five unarmed members of the indigenous organization Las Abejas The Bees were massacred during a prayer meeting in the village of Acteal Mexico The members of Las Abejas who are pacifists pledged their support to the Zapatista Army of National Liberation a primarily indigenous group that has declared war on the state of Mexico The massacre has been attributed to a paramilitary group composed of ordinary citizens acting on their own although eyewitnesses claim the attack was planned ahead of time and that the Mexican government was complicit In Without History Jose Rabasa contrasts indigenous accounts of the Acteal massacre and other events with state attempts to frame the past control subaltern populations and legitimize its own authority Rabasa offers new interpretations of the meaning of history from indigenous perspectives and develops the concept of a communal temporality that is not limited by time but rather exists within the individual community and culture as a living knowledge that links both past and present Due to a disconnection between indigenous and state accounts as well as the lack of archival materials many of which were destroyed by missionaries the indigenous remain outside of or without history according to most of Western discourse The continued practice of redefining native history perpetuates the subalternization of that history and maintains the specter of fabrication over reality Rabasa recalls the works of Marx Lenin and Gramsci as well as contemporary south Asian subalternists Ranajit Guha and Dipesh Chakrabarty among others He incorporates their conceptions of communality insurgency resistance to hegemonic governments and the creation of autonomous spaces as strategies employed by indigenous groups around the globe but goes further in defining these strategies as millennial and deeply rooted in Mesoamerican antiquity For Rabasa these methods and the continuum of ancient indigenous consciousness are evidenced in present day events such as the Zapatista insurrection

University engagement and environmental sustainability Patricia Inman,Diana Robinson,2016-05-16 Universities have a key role to play in contributing to environmental development and combating climate change The chapters within this volume detail the challenges faced by higher education institutions in considering environmental sustainability and provide both a broad view of university engagement and a detailed examination of various projects As part of this series in association with the Place and Social Capital and Learning PASCAL International Observatory the three key PASCAL themes of place management lifelong learning and the development of social capital are considered throughout the book While universities have historically generated knowledge outside of specific local contexts this book argues that it is particularly important for them to engage with the local community and to consider diverse perspectives and assets when looking at issues within an ecological context The chapters in this volume provide new perspectives and frames of reference for transforming universities by engaging in the development of resilient communities

The Last American Diplomat George W. Liebmann,2012-01-27 Can John D

Negroponte be described as The Last American Diplomat In a career spanning 50 years of unprecedented American global power he was the last of a dying breed of patrician diplomats devoted to public service a self effacing and ultimate insider whose prime duty was to advise guide and warn a bulwark of traditional diplomatic realism against ideologue excess Negroponte served as US ambassador to Honduras Mexico the Philippines and Iraq he was US Permanent Representative to the UN Director of National Intelligence and Deputy Secretary of State to George W Bush His was a high flying and seemingly conventional career but one full of surprises Negroponte opposed Kissinger in Vietnam supported a proxy war but opposed direct American military action against Marxists in Central America facing bitter Congress opposition in the process He swam against the floodtide of George W Bush s neocon dominated administration warning against the Iraq war as a possible new Vietnam and criticising aspects of Bush s War on Terror He disconcerted the administration by arguing that the re establishment of Iraq would take as long as five years And he was influential in international social and economic policy working for the successful re settlement of millions of refugees in Southeast Asia following the Vietnam War issuing early warnings about the scourge of AIDS in Africa and successfully launching the North American Free Trade Agreement NAFTA George W Liebmann s incisive account is based on personal and shared experience but it is no hagiography beyond the author s discussions with Negroponte this book is deeply researched in US state papers and includes interviews with leading actors It will provide fascinating reading for anyone interested in the inside story of American diplomacy showing personal and policy struggles and the underlying fissures present even in the world s last remaining superpower
