Melita Denning, Osborne Phillips

Llewellyn Practical Guide To Astral Projection:

The Llewellyn Practical Guide to Astral Projection Melita Denning, Osborne Phillips, 2001 The Practical Guide to Astral Projection by Denning and Phillips is simply the best step by step set of lessons for learning this skill ever published Over a quarter million people are using this book to help them learn this valuable skill If you want to learn how to project your consciousness onto the astral plane you should use it too First as the book shows this skill is natural You do it all the time in dreams for example In a sense it is more natural than walking It is a skill you can develop with practice Further it allows you to have spiritual experiences on the astral plane Plus what you create on the astral plane creates changes on the physical plane This is true magick Heal someone on the astral and they will be healed on the physical Create opportunities on the astral and you will have them on the physical You can even experience sex on the astral plane for one of the most dynamic experiences you will ever have And you can learn how to do all of this in *The Practical Guide to Astral Projection* But it is not only the information in this book that makes it easy to understand and use The very design of each chapter as well as the illustrations photos charts etc make it easy for you to learn the techniques to consciously control your astral projection experiences The book begins by showing you what astral projection is and what it is not what can happen and what is fantasy As a result you will discover that astral projection can be safe comforting exhilarating and fun Then you will learn methods of being able to let your consciousness leave your body and safely explore the astral plane With this book in hand you can explore realms you ve only dreamed of Make your dreams a reality

The Llewellyn Practical Guide to Astral Projection Melita Denning, 1993

The Llewellyn Practical Guide to Psychic Self-defense & Well-being Melita Denning, Osborne Phillips, 2002-09 Deliberate psychic attack is very rare However your psyche is constantly under attack from friends and strangers advertisers and politicians who want to manipulate you Luckily there is a solution Denning and Phillips *Practical Guide to Psychic Self Defense* The best way to overcome attacks on your psyche is through awareness that they are occurring This requires you to become more awake and alert to this bombardment Part of the technique is to understand how this attempted manipulation works By studying this book you will gain that knowledge The result is that the psychological intimidation that has been used on you in the past will no longer control you There are two types of psychic attack The first kind is attack by a person who has not had any occult training He or she may feel slighted or betrayed by you based on actual or imagined situations and hold on to negative emotions Eventually unknown to that person the negative energy can leap out directed at you This book reveals that your aura is your best line of defense By using the exercises in this book to strengthen your aura any such unintentional psychic attack will easily be dispelled and discharged Even more rare is the classic psychic attack where a person does some sort of spell or ritual to harm you Full instructions are given for overcoming such negative magick both on a practical physical level sever any physical connection between you and the attacker and on a ritual spiritual level perform blessings and rites to overcome psychic attack But what happens if an attack

does get through First you have to know how to recognize it Usually a successful attack strikes at your weak link That could be your physical health causing illness or your mental attitude causing depression This book will show you how to recognize the problem and how to deal with it effectively **Practical Guide to Creative Visualization** Melita Denning,Osborne Phillips,2001 Now you can open channels from other dimensions that will aid you in your pursuit of success With the series of exercises in this book you will actually program your mind to bring your desires into personal realization No matter what you desire you can start practicing these proven and simple techniques today *Practical Guide to Psychic Powers* Melita Denning,Osborne Phillips,1981 ESP Divination Psychometry Telekinesis Astral vision You ve heard of all these talents The amazing truth is that you can have all of these abilities when you practice the simple but powerfully effective exercises in Melita Denning and Osborne Phillips Practical Guide to Psychic Powers World famous experts Denning and Phillips explain exactly what you need to develop your own innate abilities including advice on diet rest and exercise They advise you to meditate daily and give instructions how you can bring this wonderful skill into your life They also reveal how you can make your own tools for psychic development such as a pendulum ESP cards and a Vision Mirror Practical Guide to Psychic Powers explains that your attitude is important in establishing these abilities in your life You ll discover how to eliminate boredom and stress practice mental concentration for long periods and have foreknowledge of the future Many of the exercises to help you to develop psychic abilities are in the form of games making them fun preventing boredom and creating faster success For example you ll learn a game of guessing dice one with ESP cards and another that uses the vision mirror to predict your future The book teaches you how to become aware of the impressions a material object has gathered the art of psychometry You ll learn about contacting spiritual entities the way Spiritualists do You ll also discover the secrets of dowsing and how to develop and use this ability Denning and Phillips are known for their clarity of thought and for having effective techniques as demonstrated in Practical Guide to Psychic Powers **Ghosts, Spirits, and Psychics** Matt Cardin,2015-07-28 This fascinating work provides a complete overview of paranormal phenomena including the beliefs attitudes and notable figures who have attempted to explain defend or debunk the mysteries behind the unknown Recent interest in the paranormal as pop culture fodder belies its historical status as an important subject of cultural philosophical and scientific significance This book traces the trajectory of paranormal studies from its early role as a serious academic and scientific topic studied by mainstream scientists and eminent scholars to its current popularity in books film and TV This compelling reference work details the experiences encounters and ideas that make up this controversial field of study The contributed entries examine the broad phenomena of the paranormal addressing the history of scientific investigations along with its contemporary media depictions to illustrate the evolution of cultural attitudes about the paranormal A selection of primary documents provides real life accounts and contributions from noted experts that explore the full scope of themes from spiritualism to poltergeists to astrology Accompanying images timelines quotations and sidebars make the content come to life and encourage
