Use the following table to give a mark out of 10 for Reading.

|               |             |                                                                                                                                                                                                                      |
|---------------|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Band 1</b> | <b>9–10</b> | Gives a thorough, perceptive, convincing response; creates a soundly structured argument. Reads effectively between the lines. Develops the reading material and <b>integrates</b> it into the response to the task. |
| <b>Band 2</b> | <b>7–8</b>  | Some evidence of evaluation, engaging with a few of the main points with success. Uses reading material to <b>support</b> the argument. Occasionally effective development of some of the ideas in the material.     |
| <b>Band 3</b> | <b>5–6</b>  | <b>Reproduces</b> a number of points to make a satisfactory response. The response covers the material adequately, but may miss opportunities to develop it relevantly or at length.                                 |
| <b>Band 4</b> | <b>3–4</b>  | <b>Selects</b> points from the passage rather literally and/or uses material thinly. Does not combine points into a connected response.                                                                              |
| <b>Band 5</b> | <b>1–2</b>  | Parts of the response are relevant, though material may be repeated or used inappropriately.                                                                                                                         |
| <b>Band 6</b> | <b>0</b>    | Response does not relate to question and/or too much unselective copying directly from the material to gain a mark in Band 5.                                                                                        |

Use the following table to give a mark out of 15 for Writing.

|               |              |                                                                                                                                                                                                                                            |
|---------------|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Band 1</b> | <b>13–15</b> | Consistent sense of audience; persuasive style; fit for purpose. Fluent, varied sentences; wide range of vocabulary. Strong sense of structure, paragraphing and sequence. Virtually no error.                                             |
| <b>Band 2</b> | <b>10–12</b> | Sense of audience mostly secure; quite stylish and quite fluent; sense of overall structure; mostly well-sequenced; arguments occasionally well developed. Writing is mainly accurate; sentences and language effective.                   |
| <b>Band 3</b> | <b>8–9</b>   | Occasional sense of audience; mostly written in accurate, if fairly straightforward sentence structures; some persuasion, though not strong; mostly quite well structured; errors minor; vocabulary straightforward but adequate for task. |
| <b>Band 4</b> | <b>5–7</b>   | Appropriate if sometimes inconsistent style; sentences mainly accurate; more fact rather than argument; basic structure; fairly frequent, minor errors, perhaps including sentence separation; sentences and/or vocabulary simple.         |
| <b>Band 5</b> | <b>3–4</b>   | Functional expression; largely factual with little/no argument; response not always well sequenced; some serious errors in grammar/punctuation/use of vocabulary.                                                                          |
| <b>Band 6</b> | <b>1–2</b>   | Language and style not clear; some blurring and lacking in order; despite some serious errors, gist can mainly be followed. Faulty sentence construction.                                                                                  |
| <b>Band 7</b> | <b>0</b>     | Inaccuracies and problems with language and grammar are too serious to gain a mark in Band 6.                                                                                                                                              |
