Sabrina Shaw Hunter 2A IB History of the Americas HL 7 November 2012 Paper 3 Guide: Mexican Revolution
Bullet Points: Defined and Summarized: 1. Causes of the Mexican Revolution: social, economic, and political; the role of the Porfiriato regime * Porfirio Diaz was the dictator of Mexico from 1876 to 1910. His regime is known as the Porfiriato regime. Diaz's social ideologies and aims were to divide and rule, obtain absolute power Diaz's methods were the Pan o Palo policy and the spoil system.

Diaz wanted to increase industrialization without increasing foreign investment and he used the spoil system to gain the support of the wealthy landowners. Diaz's political goals were to have autocratic rule, have absolute power, and obtain these through this policies and systems mentioned earlier. * Through Diaz's spoil system, the wealthy became wealthier and the poor, common Mexicans were starving.

Hacienda owners were benefiting from the economic situation of Mexico but the people were being oppressed socially, economically, and politically, until Madero began spreading non re-election campaigns and revolutionary leaders began to form groups and later armies, starting the Mexican Revolution.

2. The revolution and its leaders (1910-1917): Ideologies, aims, methods of Madero, Villa, Zapata, Carranza; achievements and failures; Constitution of 1917: nature and application * Madero: Came to power through the overthrowing of Diaz- Popular for his book, Presidential Succession of 1910.

Sought democracy, gained presidency through popular vote. His 15 months in office were followed by resistance political disaster, non-cooperation, and disunity between his followers and eventually Huerta. (His supposedly appointed commander of the government forces who conspired with the rebels for Madero's fall) * The aims of Madero were to remove Diaz from power and then take Diaz's power. Villa's aims changed impulsively and for immediate convenience. Zapata's aims were for agrarian reform complete revolutionary changes and land distribution evenly to the poor.

Carranza's aims were to overthrow Huerta and to create a plan similar to Madero's but without the ambitious social reforms. The ideologies of each revolutionary leader are very similar to the aims of each leader. The methods of Madero were forming the Anti-Reelectionist Center of Mexico and creating the Plan of San Luis Potosi. The methods of Villa were guerilla tactics and being a charismatic leader that connected with the lower class. The methods of Zapata were choosing small, easy battle to boost morale among his men and fighting while Diaz was occupied with the North.

The methods of Carranza were fighting Huerta and creating the Plan of Guadalupe. Madero and Carranza both became president, however they did not keep this position for very long because of their lack of social reform. Zapata's Plan of Avala was accepted by the other

Labour and Economic Change in Southern Africa c.1900-2000 Rory Pilosof,Andrew Cohen,2021-06-03 This book explores the social and economic development of Zimbabwe Zambia and Malawi over the course of the twentieth century These three countries have long shared and interconnected pasts All three were drawn into the British Empire at a similar time and the formation of the ill fated Federation of Rhodesia and Nyasaland formally linked these countries together for a decade in the mid twentieth century This formal political relationship created dynamics that resulted in yet closer economic and social links After Federation the economic realities of industry transport and labour supplies meant that these three countries continued to be intricately interconnected Yet despite these connected pasts comparative work on the economic histories of Malawi Zambia and Zimbabwe and how these change over time is rare This book addresses the gap by providing the first comprehensive collection of labour and census data across the twentieth century for these three countries The different economic models and performances of these states offer good comparison allowing researchers to look at different models of development and how these played out over the long term The book provides data on population growth and change industrial and occupational structure and the various shifts in what the economically active population did It will be useful for historians economists development studies scholars and non governmental organisations working on twentieth century and contemporary southern Africa

Empire Ways Bernard Porter,2015-10-30 The British Empire was an astonishingly complex and varied phenomenon not to be reduced to any of the simple generalisations or theories that are often taken to characterise it One way of illustrating this and so conveying some of the subtle flavour of the thing itself is to descend from the over arching to the particular and describe and discuss aspects of it in detail This book by the well known imperial historian Bernard Porter ranges among a wide range of the events and personalities that shaped or were shaped by British imperialism or by its decline in the post war years These include chapters on science drugs battles proconsuls an odd assortment of imperialists including Kipling Lady Hester Stanhope and TE Lawrence architecture music the role of MI6 and the reputation of the Empire since its demise Together the chapters inform explain provoke and occasionally amuse but above all they demonstrate the kaleidoscopic variety and ambivalence of Britain s imperial history

Appearances Matter Tim Allender,Inés Dussel,Ian Grosvenor,Karin Priem,2021-09-07 The visual turn recovers new pasts

With education as its theme this book seeks to present a body of reflections that questions a certain historicism and renovates historiographical debate about how to conceptualize and use images and artifacts in educational history in the process presenting new themes and methods for researchers Images are interrogated as part of regimes of the visible of a history of visual technologies and visual practices Considering the socio material quality of the image the analysis moves away from the use of images as mere illustrations of written arguments and takes seriously the question of the life and death of artifacts that is their particular historicity Questioning the visual and material evidence in this way means considering how when and in which regime of the visible it has come to be considered as a source and what this means for the questions contemporary researchers might ask The Chinese Constitution of Central Asia N. Godehardt, 2014-03-21 China's commitments in Central Asia illustrate how regional foreign policy works and how long standing principles of Chinese foreign policy might be revised in the near future China's rise has moved Asia which is why it seems that what we have traditionally regarded as the geographic and political scope of Asia might actually considerably change in the near future Nadine Godehardt gives crucial insights into the Chinese expert discourse on Central Asia analyzing how Chinese experts define Central Asia when they talk and write about policy issues related to China's immediate Western neighbourhood In this context she gives an inside perspective on Chinese voices whose meanings are rarely examined in Chinese International Relations studies Corruption and Government Susan Rose-Ackerman, Bonnie J.
