The SAGE Handbook of Interpersonal

Communication Mark L. Knapp, John A. Daly, 2011-08-26 The revised Fourth Edition of The SAGE Handbook of

Interpersonal Communication delivers a clear comprehensive and exciting overview of the field of interpersonal communication. It offers graduate students and faculty an important state of the art reference work in which well known experts summarize theory and current research. The editors also explore key issues in the field including personal relationships, computer mediated communication, language, personality, skills, nonverbal communication, and communication across a person's life span. This updated handbook covers a wide range of established and emerging topics including Biological and Physiological Processes, Qualitative and Quantitative Methods for Studying Interpersonal Communication, Interpersonal Communication in Work/Family, Intercultural and Health Contexts, Supportive and Divisive Transactions, Social Networks. Editors Mark L. Knapp and John A. Daly have significantly contributed to the field of interpersonal communication with this important reference work, a must have for students and scholars.

Business and Professional Communication Kory Floyd, Peter W. Cardon, 2023. Chapters begin by presenting students with a narrative of a communication problem or dilemma and then conclude by resolving that dilemma by referencing the principles throughout the chapter. Each chapter is illustrated with rich examples of real business communicators which bring the principles to life for students. This interactive approach allows students to actively engage with the content instead of passively reading it. Students preparing to succeed in today's workplace require solid training in communication skills and principles as well as experience applying them in realistic professional contexts. Kory Floyd and Peter Cordon bring substantial and concrete business world experience to bear in the product's principles, examples, and activities and ensure that the theories, concepts, and skills most relevant to the communication discipline are fully represented and engaged. The result is a program that speaks students' language and helps them understand and apply communication skills in their personal and professional lives.

Intercultural Communication Ling Chen, 2017-04-10. This handbook takes a multi disciplinary approach to offer a current state of art survey of intercultural communication. IC studies. The chapters aim for conceptual comprehension, theoretical clarity, and empirical understanding with good practical implications. Attention is mostly on face to face communication and networked communication facilitated by digital technologies, much less on technically reproduced mass communication. Contributions cover both cross cultural communication, implicit or explicit comparative works on communication practices across cultures, and intercultural communication works on communication involving parties of diverse cultural backgrounds. Topics include generally histories of IC research, theoretical perspectives, non western theories, and cultural communication, specifically communication styles, emotions, interpersonal relationships, ethnocentrism, stereotypes, cultural learning, cross cultural adaptation, and cross border messages and particular context of conflicts, social change, aging, business, health, and new media. Although the book is prepared for graduate students and academicians, intercultural communication practitioners will also find something useful here.
