African Nurse Pioneers in KwaZulu/Natal - 1920-2000 Mazo Sybil T. Buthelezi, 2004 This book is about seven African nurse pioneers in KwaZulu Natal from 1920 to 2000 The author captures the early nursing activities of the 1920s to 1970 and then moves to nurses that entered the health services in the 1950s The author also presents two nurses that worked outside South Africa i e did their pioneering nursing in Saudi Arabia and the United States of America The author does not scoop nursing out of its context but creates a narrative that resonates in lived experiences in a world dominated by the Africanization of poverty the feminization of poverty globalization racism and xenophobia Who is Nursing Them? It is Us Jennifer R. Zelnick, Charles Levenstein, Robert Forrant, John Wooding, 2017-07-05 This book explores the impacts of HIV AIDS and neoliberal globalization on the occupational health of public sector hospital nurses in KwaZulu Natal South Africa The story of South African public sector nurses provides multiple perspectives on the HIV AIDS epidemic for a workforce that played a role in the struggle against apartheid women who deal with the burden of HIV AIDS care at work and in the community and a constituency of the new South African democracy that is working on the frontlines of the HIV AIDS epidemic Through case studies of three provincial hospitals in KwaZulu Natal set against a historical backdrop this book tells the story of the HIV AIDS epidemic in the post apartheid period **Nursing Times, Nursing Mirror**, 1994 New South African Review 2 Devan Pillay, 2011-10-01 An explanation of the New Growth Plan and alternatives to neo liberal and capitalist development in South Africa In this second volume of the New South African Review the New Growth Path adopted by the South African government in 2010 provides the basis for a dialogue about whether decent work is the best solution to South Africa s problems of low economic growth and high unemployment There are investigations into rising inequality against the backdrop of the failings of Black Economic Empowerment greening the economy with emphasis on biofuels the crisis of acid mine drainage on the Witwatersrand possibilities for participatory forms of government civil society activism transformation of the print media and the SABC the crisis in child care in public hospitals the relationship between the police and a township community the problems related to the absence of legislation to govern the powers of traditional authorities over land allocation and assessments of the state of opposition political parties and the ANC Alliance Asking whether the New Growth Plan reflects a set of new policies or an attempt to re dress old com promises in new clothes this volume brings together different voices in debate about possibilities for alternatives to neo liberal and capitalist development in South Africa *Contingent Citizens* Elizabeth Hull, 2020-05-27 *Contingent Citizens* examines the ambiguous state of South Africa s public sector workers and the implications for contemporary understandings of citizenship It takes us inside an ethnography of the professional ethic of nurses in a rural hospital in KwaZulu Natal shaped by a deep history of mission medicine and changing forms of new public management Liberal democratic principles of transparency decentralization and rights though promising freedom from control often generate fear and insecurity instead But despite the pressures they face Elizabeth Hull

Africa Pushed to the Limit Hein Marais,2013-07-04 Since 1994 the democratic government in South Africa has worked hard at improving the lives of the black majority yet close to half the population lives in poverty jobs are scarce and the country is more unequal than ever For millions the colour of people's skin still decides their destiny In his wide ranging incisive and provocative analysis Hein Marais shows that although the legacies of apartheid and colonialism weigh heavy many of the strategic choices made since the early 1990s have compounded those handicaps Marais explains why those choices were made where they went awry and why South Africa's vaunted formations of the left old and new have failed to prevent or alter them From the real reasons behind President Jacob Zuma's rise and the purging of his predecessor Thabo Mbeki to a devastating critique of the country's continuing AIDS crisis its economic path and its approach to the rights and entitlements of citizens South Africa Pushed to the Limit presents a riveting benchmark analysis of the incomplete journey beyond apartheid Medical Disorders in Pregnancy S. Elizabeth Robson,Jason Waugh,2013-05-29 The need for joint

medical and midwifery care is stressed in the latest CEMACH report with a recommendation that contemporary midwifery education prepares midwives for problems in pregnancy and adverse pregnancy outcome Pre conception care for women with medical disorders has also been stressed Medical Disorders in Pregnancy is one of the first texts written specifically for midwives that provides an outline of common medical disorders that may be affected by pregnancy or which may cause pregnancy complications For ease of use all conditions are presented on two page templates and each addresses An explanation of the condition Standard Non pregnancy treatment Pre conception care Antenatal care Intrapartum care and Postnatal care The management treatment and care by both doctors and midwives are provided to allow a mutual understanding of each others roles and responsibilities Mapping the Academic Debate Johannes Duschka,Christoph Kleine,Monika Wohlrab-Sahr,Florian Zemmin,2024-12-16 This volume maps the international academic debate on secularity It places seminal contributions from within Western academia alongside less well known texts from various parts of the world in several cases this is the first time that they have been translated into English The volume demonstrates that the academic debate on secularity was and is a global debate with contributions from many regions The collected texts relate to each other either directly or indirectly by referring to similar arguments whether reinforcing or criticising them and thus create a discourse When speaking of global secularity we therefore do not insinuate a uniform world secularity resulting from the alleged global diffusion of Western norms ideas and concepts It is rather a web of relations that is constituted via various

different references These references are not evenly distributed the development in the West is often the point of reference to which positions from other regions relate to which they connect or from which they distance themselves But the references are not completely unidirectional We also present texts from Europe that underline the multidirectionality of the process even early on Thereby the volume offers the reader the material with which to trace these global exchanges and references **Daily Report** ,1996
