After watching the movie, respond to each of the following questions. All final responses must be typed. Questions # 1 – 4 refer to the movie as a whole. You will need to be careful to make notes throughout the entire movie in order to accurately answer these questions. Questions # 5 – 10 refer to specific scenes. Be careful not to miss the answers to these questions as you watch. You may sing along and use this paper for notes throughout the movie.

- 1) Identify a food chain consisting of organisms in the movie. Include at least three organisms and be sure to identify which organism is the producer, first level consumer and secondary level consumer. In addition, state the nutritional modality of the consumers (Is it an herbivore, carnivore, etc.) [9]

- 2) Make a list of as many organisms as you can identify that contributed to a balanced ecosystem in an around *Pride Rock*. Categorize the organisms by their nutritional modality (producer, herbivore, carnivore, omnivore, decomposer). You must have at least fifteen organisms to earn full credit. [30]

- 3) Identify three biotic factors and three abiotic factors you witnessed in the movie. [6]

- 4) During the movie Simba is in three different biomes. Identify the three biomes and describe characteristics of the biome that allowed you to identify it. [6]

- 5) In the opening scene Scar is about to consume a mouse. What type of relationship does scar and the mouse have? [1]

A Life of Grace for the Whole World, Leader's Guide Jerry Cappel, Stephanie McDyre Johnson, 2017-03-01 As science and politics engage in a never ending battle over the environment A Life of Grace for the Whole World re claims the theology of salvation and redemption for all creation Using the House of Bishop s Pastoral Teaching on the Environment the first statement on the environment from The Episcopal Church leadership as a guide A Life of Grace engages participants in understanding how the call to care for Creation informs and deepens appreciation and love for God and God s work in Creation and how that finds expression in the faith life of individuals and churches The adult sessions use Bible study discussion questions reflections on sections of the Book of Common Prayer and other activities to encourage active learning Each week participants are asked to reflect in different ways on their faith communities and their own spiritual journey and how they can find a more meaningful connection with God s active work among all creation The youth section which parallels the adult sessions encourages active engagement through viewing of videos use of technology and a range of activities Exploratory questions for the facilitator allow for open ended conversation and discussion of current events around environment and faith Connecting the five week session is the creation of a Tree of Life which is added to during every session Both an Adult Booklet and a Youth Booklet enhance the experience of A Life of Grace both within and outside of the sessions with additional content activities and journaling space

Tears of the Cheetah Stephen J. O'Brien, 2015-10-27 The history of life on Earth is dominated by extinction events so numerous that over 99.9% of the species ever to have existed are gone forever If animals could talk we

would ask them to recall their own ancestries in particular the secrets as to how they avoided almost inevitable annihilation in the face of daily assaults by predators climactic cataclysms deadly infections and innate diseases In *Tears of the Cheetah* medical geneticist and conservationist Stephen J O'Brien narrates fast moving science adventure stories that explore the mysteries of survival among the earth's most endangered and beloved wildlife Here we uncover the secret histories of exotic species such as Indonesian orangutans humpback whales and the imperiled cheetah the world's fastest animal which nonetheless cannot escape its own genetic weaknesses Among these genetic detective stories we also discover how the Serengeti lions have lived with FIV the feline version of HIV where giant pandas really come from how bold genetic action pulled the Florida panther from the edge of extinction how the survivors of the medieval Black Death passed on a genetic gift to their descendents and how mapping the genome of the domestic cat solved a murder case in Canada With each riveting account of animal resilience and adaptation a remarkable parallel in human medicine is drawn adding yet another rationale for species conservation mining their genomes for cures to our own fatal diseases *Tears of the Cheetah* offers a fascinating glimpse of the insight gained when geneticists venture into the wild

Spirit and Nature Timothy Hessel-Robinson, Ray Maria McNamara, 2011-08-01 *Spirit and Nature* is a collection of essays exploring how the resources of Christian spirituality can inform the practice of a more ecologically sustainable faith Our current ecological situation calls for people of religious faith to reexamine the way they envision the practice of spirituality As environmental ethicists have called us to reconsider the human Earth relationship so that the planet is not seen as simply an endless supply of resources to fill human wants and needs so these essays call us to reconsider spiritual practice as it relates to Earth's ecology Rather than viewing spirituality as an escape from the material world the authors describe the embodiment of the God quest within the human nature relationship Drawing on diverse disciplinary perspectives these essays examine a variety of topics including the relationship between Earth and humans in the Bible the role of nature's beauty in Christian spirituality the practice of Christian discernment and contemplation in light of the natural sciences the role of nature in liturgical prayer and others These essays consider how scholarship in Christian spirituality can contribute to reimagining faith in ways that better cherish the Earth's fragile beauty

Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they

describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
