The Symbolist Movement in the Literature of European Languages Anna Balakian, Anna Elizabeth Balakian, 1984 Edited by Anna Balakian this volume marks the first attempt to discuss Symbolism in a full range of the literatures written in the European languages The scope of these analyses which explore Latin America Scandinavia Russia Poland Hungary Serbia Czechoslovakia and Bulgaria as well as West European literatures continues to make the volume a valuable reference today As Ren Wellek suggests in his historiographic contribution the fifty one contributors not only make us think afresh about individual authors who are giants but also draw us to reassess schools and movements in their local as well as international contexts Reviewers comment that this copious and intelligently structured anthology divided into eight parts traces the conceptual bases and emergence of an international Symbolist movement showing the spread of Symbolism to other national literatures from French sources as well as the symbiotic transformations of Symbolism through appropriation and amalgamation with local literary trends Several chapters deal with the relationships between literature and the other arts pointing to Symbolism at work in painting music and theatre Other chapters on the psychological aspects of the Symbolist method connect in interesting ways to a vision of metaphor and myth as virtually musical notation and an experimental emphasis on the play afforded by gaps between words The volume is a major contribution to the most significant exponents and essential themes of Symbolism The theoretical historical and typological sections of the volume help explain why the impact of this important movement of the fin de siècle is still felt today *The Saturday Review of Politics, Literature, Science and Art*, 1856 **British Museum Catalogue of printed Books**, 1889 Catalogue of Printed Books British Museum. Department of Printed Books, 1902 *Immigration and Children's Literature* Wilma Robles-Melendez, Audrey Henry, 2023-06-29 This book explores the issues faced by immigrant children through the lens of children's literature The authors employ the UN convention of the Rights of the Child the lens of equity and Freire's principles of critical consciousness as a framework for analysing children's literature and immigration They focus on circumstances and experiences of immigration from the perspective of young children who are leaving their homelands and growing up as immigrants The book focuses primarily on children from birth to 8 years old but with crossover and implications for older children The chapters reveal the social economic and political issues faced by child immigrants refugees and asylees throughout the global context viewed through and alongside children's literature The book provides suggestions for the implementation of children's literature in the curriculum and provides tools for educators and researchers working with immigrant and refugee children showing how they can better understand their students and families A variety of children's literature is covered including analysis of works by Jairo Buitrago Yanksook Choi Sandra leGuen Rosemary McCartney Bao Phi and Jeanette Winter *Literature Suppressed on Religious Grounds, Fourth Edition* Margaret Bald, 2019-08-01 Censorship of religious and philosophical speculation is as old as history and as current as today's headlines Many of the

Library,1898 John Edgar Wideman and Modernity Michel Feith,2024-01-12 The career of writer John Edgar Wideman has been the sort of success story on which America prides itself Coming from an inner city African American neighborhood he studied at the Universities of Pennsylvania and Oxford published his first novel at age twenty six won two PEN Faulkner Awards as well as a MacArthur genius grant and has held several top teaching posts But profound tragedy has also marked his life both his brother and son received life sentences for murder and a nephew was killed at home after a bar fight His life thus illustrates how the strictures of race temper American notions of freedom and opportunity Wideman's engagement with race and identity has been nuanced and complex taking the form of what Michel Feith sees as a critical dialogue with modernity a moment in history which gave birth not only to the Enlightenment but also to American slavery and the

conundrum of race Feith argues that the key work in the Wideman oeuvre is *The Cattle Killing* 1996 his only historical novel whose threads include the 1793 yellow fever epidemic in Philadelphia the 1856 57 Cattle Killing prophecy which wreaked havoc among the Xhosa tribe of South Africa and the contemporary situation of black ghettos in the United States Unfolding within the early days of the American Republic the novel offers a window through which all of Wideman's works and their central concerns ghettoization imprisonment familial relationships emancipation and the diasporic sense of history can be understood With clarity and theoretical sophistication Feith offers provocative new readings of Wideman's texts from the *Homewood* books based on his youth in Pittsburgh to his haunting memoir *Brothers and Keepers* In the postmodern era Feith suggests critics of modernity are not in short supply but few have the depth rigor and thoughtfulness of John Edgar Wideman
