Little Red Hen Five Finger Retell:

Two Books Are Better Than One! Shari Frost, 2016-06-03 Today's early literacy programs are more demanding than ever. No longer is it sufficient to teach letters, letter sounds, sight words, and simple texts in kindergarten through second grade. Children are expected to read and comprehend texts in a variety of genres with increasing complexity. Then they must integrate the ideas and concepts from those texts into their own writing. *Two Books Are Better Than One: Reading and Writing and Talking and Drawing Across Texts in K-2* helps teachers meet those demands. Each chapter contains an anchor lesson focused on a different way of connecting texts, including by theme, characters, perspective, structure, or genre. The lessons feature research-based and common core-aligned strategies: interactive read-alouds, shared reading and writing, scaffolded small group reading, accountable talk, close reading, and opinion narrative and explanatory writing. Each anchor lesson features two high-quality children's books, and each chapter is rounded out with a list of other recommended book pairs to support you in creating your own lessons. (Re)imagining Translanguaging Pedagogies through Teacher-Researcher Collaboration

Leah Shepard-Carey, Zhongfeng Tian, 2023-06-08 This book presents one possible pathway towards the advancement of translanguaging pedagogies, teacher-researcher partnerships. Although the existing literature alludes to the value of such partnerships, there is a lack of research that explicitly describes the complex processes of designing and implementing translanguaging pedagogies in primary and secondary school settings, K-12, across various international contexts. Through an expanded focus on teacher-researcher collaboration and the negotiation process, the book unpacks the opportunities and challenges of engaging in contextualized translanguaging designs with reference to broader ideological discourses and systemic structures. By promoting and highlighting teacher-researcher partnerships as one avenue for improvement and transparency, the chapters in this book demonstrate the potential of translanguaging pedagogies in classrooms and further resist the linguistic hierarchies that exist in educational institutions today. *The Little Red Hen: A Literature Unit*

Judy Nyberg, 2008-09-01 Reading and writing are the most important skills a child acquires during his or her lifetime, and it all begins in the early childhood classroom where creative play, discovery, and time to explore are at the heart of a developmentally appropriate and child-centered curriculum. Striking a balance between these often competing priorities can challenge even the most experienced educator. **Let's Read! Let's Talk! Let's Write! Let's Pretend! (Enhanced eBook)**
