A Victorian Guide to Healthy Living Thomas Allinson,2010-06-15 The Victorian Dr Thomas Allinson founded the famous Allinson bread firm in 1892 and wrote five volumes of medical essays outlining his beliefs that food was an important factor in health His sage advice was an anathema to his Victorian peers and he was struck off in an age where medicines were made of mercury and arsenic His outrageous beliefs included exercise being good for health the need for a work life balance for better efficiency and health avoiding tea and coffee in the evening to promote better sleep and obesity being caused by eating too much These misguided beliefs are so relevant to todays market and written in a wonderfully anachronistic but accessible manner Best selling author and food and health expert Anna Selby has edited his five books into one volume incorporating chapters such as vegetarianism exercise and the work life balance as well as a chapter containing some of his quirkier beliefs

U.S. Army War College Guide to National Security Issues: Theory of war and strategy J. Boone Bartholomees,Army War College (U.S.). Strategic Studies Institute,2012 This edition of the U S Army War College Guide to National Security Policy and Strategy continues to reflect the structure and approach of the core national security strategy and policy curriculum at the War College The 5th Edition is published in two volumes that correspond roughly to the Department of National Security and Strategy s core courses Theory of War and Strategy and National Security Policy and Strategy Like previous editions this one is based on its predecessor but contains both updates and new scholarship Over a third of the chapters are new or have undergone significant rewrites Many chapters some of which appeared for years in this work have been removed Nevertheless the book remains unchanged in intent and purpose Although this is not primarily a textbook it does reflect both the method and manner we use to teach strategy formulation to America s future senior leaders The book is not a comprehensive or exhaustive treatment of either strategic theory or the policymaking process Both volumes are organized to proceed from the general to the specific Thus the first volume opens with general thoughts on the nature and theory of war and strategy proceeds to look at the complex aspect of power and concludes with specific theoretical issues Similarly the second volume begins by examining the policy strategy process moves

to a look at the strategic environment and concludes with some specific issues This edition continues the effort begun in the 4th Edition to include several short case studies to illustrate the primary material in the volume **New Horizon**
