Mark From Earth:

The Rhetoric of Jesus in the Gospel of Mark Michael Strickland, David M. Young, 2017-11-15 Young and Strickland analyze the four largest discourses of Jesus in Mark in the context of Greco Roman rhetoric in an attempt to hear them as a first century audience would have heard them The authors demonstrate that contrary to what some historical critics have suggested first century audiences of Mark would have found the discourses of Jesus unified well integrated and persuasive They also show how these speeches of the Markan Jesus contribute to Mark s overall narrative accomplishments *Mark's Gospel* Hermann Beckh, 2021-05-17 Hermann Beckh s masterful study of Mark s Gospel offers much more than scholarly argument It is the work of a true visionary who allows his readers to discover the meaning of the Earth and of humanity for themselves Beckh was in the forefront of entirely new research and recovery of the Gospel writing more for the future than for his own time It is not uncommon for biblical scholars to view St Mark s Gospel as little more than an assemblage of fragmentary sources and a copy of uncertain early memories The Gospel is said to have little historical veracity harmony or guiding structure Beckh s contemporary the German writer Arthur Drews even argued that the text was nothing more than a simplistic solar myth wherein another Sun hero pursued his way around the Greco Roman constellations Mark s Gospel The Cosmic Rhythm is a response to such twentieth century materialistic thinking He was asked to write the book in the 1920s by the leaders of The Christian Community who sought to rescue the desecrated Gospel from its opponents Inspired by Rudolf Steiner and a vast knowledge of ancient languages Tibetan Sanskrit Pali and Avestan along with Hebrew Greek and Latin the Rev Professor Hermann Beckh perceived how the Gospel reflects God s Everlasting Covenant and meticulously expressed its aesthetic unity the consonance of its parts and its consequent radiant clarity His far reaching understanding of sacred texts in the original languages always associated with the disciplined meditation he had attained from anthroposophy led to unprecedented insight This new edition of his classic study has been revised and redesigned **“The” Gospel According to St. Mark** Michael Ferrebee Sadler, 1884 **Shake Terribly the Earth** Sarah Beth Childers, 2013-10-15 Sarah Beth Childers grew up listening to stories She heard them riding to school with her mother playing Yahtzee in her Granny s nicotine cloud walking to the bowling alley with her grandfather and eating casseroles at the family reunions she attended every year In a thoughtful humorous voice born of Appalachian storytelling Childers brings to life in these essays events that affected the entire region large families that squeezed into tiny apartments during the Great Depression a girl who stepped into a rowboat from a second story window during Huntington s 1937 flood brothers who were whisked away to World War II and Vietnam and a young man who returned home from the South Pacific and worked his life away as a railroad engineer Childers uses these family tales to make sense of her personal journey and find the joy and clarity that often emerge after the earth shakes terribly beneath us *The Earth's Rotation and Reference Frames for Geodesy and Geodynamics* Alice K. Haunted Earth Peter Read, 2003-09-01 This extraordinary book tackles head on the existence and meaning of spirit forces in Australia. Haunted Earth asks a few key questions: Is Australia haunted? If so, where and with what? Are there spiritual or otherwise special places in Australia? Each chapter follows a round the clock journey from midnight to midnight, charting the activities of Australians of many different experiences and cultures: there are Aboriginal spirits on Flinders Island at daybreak, the summoning of a Chinese ancestor spirit at noon in Perth, an exorcism in New South Wales in early afternoon.
