NBA Comparison: Kevin Garnett/Marcus Camby

Strengths: Fluid athleticism, incredible length and guard agility in a 6'10 package ... Davis is a game wrecking defensive presence and disruptor unlike any incoming draft prospect in quite some time (4.8 BPG) ... He combines the physical shot blocking package of a 7'6 wingspan and quick leaping ability with a relentless motor and high-level defensive intelligence ... In addition to his length, the speed at which he chews up ground allows him to affect shots all over the court ... He has phenomenal recovery speed and can cover up the defensive blemishes of teammates ... Single-handedly suffocates opponents physically and mentally, as they know all attempts within his vicinity will be heavily contested at minimum ... Looks like a natural guarding on the perimeter, with quick feet and exceptional hands for a man his size- averages 1.5 steals per game, an unheard of figure at the college center spot ... Rarely gets into foul difficulty despite his aggressive, attack every shot nature ... Davis uses his freakish gifts on the boards as well, snatching nearly 10 rebounds (3 off.) in 31 minutes of action ... Not afraid to mix it up on the interior despite his frail build ... Highly efficient offensive weapon (13.8 PPG, 65% FG) ... Predominantly an off-the ball target, cleaning up on alley-oops both off the pick and roll and dribble hands offs ... Few passes are out of reach, seemingly able to elevate as high as required. RUNS the court ... While not necessarily a power finisher, his explosiveness of the deck is effortless ... Capable of mid-air body adjustments on errant passes ... Displays the body control to hang and alter release to finish through a bump ... His jump shot form is aesthetically pleasing (71% FT), and its effectiveness certainly can be cultivated with work and experience ... Shows glimpses of pick and pop aptitude ... Bullet outlet passes are a major strength ... Can handle the ball in space with occasional facilitation of the offense, and does not appear limited to straight line drives ... Commits under a turnover per game as a freshman big, highlighting his guard skills ... Still only 18 years of age, Davis grew 7 inches (6'3-6'10) between his HS junior and senior seasons ... Dynamic versatility at both ends of the floor makes for boundless potential ...

Weaknesses: The number one drawback on Davis is his overall strength, or lack thereof ... Despite his youth, he is unquestionably thin and the issue remains just how much weight he can add, and how that added weight will affect his speed and agility ... His shoulders suggest he can build on his frame, and he's noticeably chiseled his arms, however a thin waist likely means he won't be able to bulk up substantially ... Must work on his core and lower body- easily gets pinned and backed down in the paint ... Unable to establish and maintain position inside, often finding himself bumped off balance ... Rarely used in isolation post-up's during his freshman campaign, particularly given his size advantage on many nights and solid footwork ... Offensive canvas is raw, with obvious enormous room for improvement ... Doesn't yet have a feel for his jump shot, often rushing the attempt and shooting a flat shot ... There are times where he displays extreme comfort handling the ball, but face-up/dribble-drive maneuvers are few and far between ... While he's a tremendous secondary and tertiary leaper, he too often leaves his feet on pump fakes ... It's hard to fault him for being shot block happy, but the lack of discipline is not to his benefit ... His athleticism and length won't cover up all shortcomings against super competition ... Projecting Davis going forward, there's not much to dislike ... Physical maturity is the only visible hurdle standing in his path to beast mode.

Mark Herzlich Scouting Report Introduction

In today's digital age, the availability of Mark Herzlich Scouting Report books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mark Herzlich Scouting Report books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mark Herzlich Scouting Report books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mark Herzlich Scouting Report versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mark Herzlich Scouting Report books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mark Herzlich Scouting Report books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mark Herzlich Scouting Report books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mark Herzlich Scouting Report books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mark Herzlich Scouting Report books and manuals for download and embark on your journey of knowledge?
