Marketing Du Sport Et Evénementiel Sportif Documents:

Management et marketing du sport : du local au global Patrick Bouchet, Claude Sobry, 2005 Depuis quinze ans des travaux et des publications s'accumulent dans les champs du management et du marketing du sport. Ils constituent des éléments de base pour synthétiser, ordonner et mettre à disposition d'un public d'étudiants et de formateurs les connaissances produites en la matière. Quelques livres existent en France, moins d'une dizaine, et ils sont généralement l'apanage d'un ou deux auteurs avec des objets relativement ciblés ou des approches très générales ou circonscrites. La massification des formations en management du sport constitue une opportunité pour confronter les points de vue et les terrains d'investigation. Deux idées sont apparues comme essentielles pour la réalisation de cet ouvrage collectif : effectuer une synthèse visant à donner une perspective internationale de la production de connaissances développée en France en management et en marketing appliqués au sport ; développer des contenus articulés de données théoriques et données opérationnelles travers des concepts, des démarches, des outils fonctionnels et des illustrations. Quatre domaines : sport-spectacle et relations marchandes, identité sportive, organisationnelle et territoriale, enjeux et conflits dans la gouvernance sportive, publique, la gestion locale, globale des stratégies sportives organisent cet ouvrage en relation avec l'évolution problématique des marchés du sport.

Marketing du sport Michel Desbordes, André Richelieu, 2018-04-24 L'ouvrage fait le point sur les dernières recherches dans le domaine en matière de gestion de la marque événementiel sportif et de management des enceintes sportives.

Marketing des organisations sportives Alain Ferrand, Scott McCarthy, Thierry Zintz, 2009-09-07 Les organisations sportives doivent mettre en œuvre leur marketing au sein d'un système de parties prenantes : sponsors, médias, partenaires, membres, collaborateurs, spectateurs. Dans ce contexte, l'ensemble des acteurs impliqués devraient porter une attention accrue aux principes du marketing relationnel. Les auteurs proposent une méthode innovante et opérationnelle permettant de créer et développer des relations long terme avec les parties prenantes composant le système sportif. Les outils proposés contribuent à créer un avantage concurrentiel sur leur marché en développant des partenariats stratégiques au niveau de leur réseau et en impliquant les acteurs au sein de l'organisation. Chaque étape est illustrée par un exemple pris par un manager opérant dans une organisation sportive au niveau international. L'ensemble des aspects stratégiques et opérationnels concernant cette méthode sont mis en œuvre dans une étude de cas approfondie concernant la fédération britannique de judo.

Marketing du sport et événementiel sportif Lionel Maltese, Jean-Philippe Danglade, 2014 Quelles sont les stratégies marketing mises en œuvre autour de clubs sportifs comme le Paris Saint Germain ou le Rugby Club Toulonnais ; événements tels que le Vendée Globe ou l'Open 13 et de stades modernes ; l'image de l'O2 Arena de Londres. À partir de l'analyse du business model des organisations sportives, cet ouvrage décrypte les usages et tendances marketing tels qu'ils sont pratiqués dans le sport-business. Il aborde le management des marques sportives, clubs et événements et de leurs partenaires ; l'expérience du consommateur au cœur des spectacles et le développement des services qui lui sont proposés dans les enceintes sportives ; marketing des services et exp

Management du sport Gary Tribou, Bernard Augé, 2006 Cet ouvrage a pour objectif de souligner les aspects spécifiques du management du sport En effet du mouvement olympique la société des loisirs actuelle le secteur sportif mobilise une grande diversité d'acteurs clubs fédérations administrations publiques instances internationales nécessitant une utilisation particulière des outils de gestion Cette nouvelle édition met à jour des dernières recommandations et de l'actualité sportive aborde l'ensemble des aspects du management du sport marketing finance comptabilité contrôle de gestion travers de nombreux exemples et cas pratiques Sont analysés successivement la diversité des entreprises du sport les outils d'analyse du marketing associatif les choix stratégiques d'un club sportif la communication des entreprises du sport la comptabilité générale l'analyse des coûts et la performance d'un club sportif le développement et le financement des clubs sportifs Public Étudiants en management du sport des filières STAPS Étudiants des écoles de commerce et des universités de gestion Dirigeants des associations et fédérations sportives collectivités locales et territoriales

Néo-marketing du sport Michel Desbordes, André Richelieu, 2011-01-11 En 1999 Marketing du sport d'Economica était le premier livre francophone dans cette nouvelle discipline Depuis cette date les choses ont changé Le sport s'est marchandisé les droits de télévision et les droits sponsoring se sont envolés Le sport professionnel est devenu un spectacle et appartient dorénavant au monde de l'entertainment au même titre que Disney Universal ou les jeux vidéo Dans ce contexte de concurrence accrue où la visibilité et la différenciation sont les maîtres mots il est plus que nécessaire de connaître les dernières techniques adaptées à ce contexte particulier qui est le spectacle sportif C'est pourquoi Néo-marketing du sport présente une approche originale de cette discipline récente qui est le marketing du sport En associant deux compétences reconnues au niveau international le Français Michel Desbordes et le Canadien André Richelieu l'ouvrage fait le point sur les dernières recherches dans le domaine en matière de gestion de la marque développement sportif et de management des enceintes sportives Les auteurs sont des enseignants chercheurs mais également des consultants régulièrement sollicités par des entreprises privées ou des médias C'est pourquoi l'approche de ce livre intéressera tant le monde académique professeurs et étudiants que les professionnels agences de marketing ou de communication équipementiers sportifs organisateurs d'événements sportifs fédérations ligues de se mettre la page en utilisant les outils marketing les plus récents dans la discipline
