Canadian Forest Industries ,1975 Crash of the Titans Greg Farrell,2011-09-13 The intimate fly on the wall tale of the decline and fall of an America icon With one notable exception the firms that make up what we know as Wall Street have always been part of an inbred insular culture that most people only vaguely understand The exception was Merrill Lynch a firm that revolutionized the stock market by bringing Wall Street to Main Street setting up offices in far flung cities and towns long ignored by the giants of finance With its thundering herd of financial advisers perhaps no other business whether in financial services or elsewhere so epitomized the American spirit Merrill Lynch was not only bullish on America it was a big reason why so many average Americans were able to grow wealthy by investing in the stock market Merrill Lynch was an icon Its sudden decline collapse and sale to Bank of America was a shock How did it happen Why did it happen And what does this story of greed hubris and incompetence tell us about the culture of Wall Street that continues to this day even though it came close to destroying the American economy A culture in which the CEO of a firm losing 28 billion pushes hard to be paid a 25 million bonus A culture in which two Merrill Lynch executives are guaranteed bonuses of 30 million and 40 million for four months work even while the firm is struggling to reduce its losses by firing thousands of employees Based on unparalleled sources at both Merrill Lynch and Bank of America Greg Farrell s Crash of the Titans is a Shakespearean saga of three flawed masters of the universe E Stanley O Neal whose inspiring rise from the segregated South to the corner office of Merrill Lynch where he engineered a successful turnaround was undone by his belief that a smooth talking salesman could handle one of the most difficult jobs on Wall Street Because he enjoyed O Neal s support this executive was allowed to build up an astonishing 30 billion position in CDOs on the firm s balance sheet at a time when all other Wall Street firms were desperately trying to exit the business After O Neal comes John

Thain the cerebral MIT educated technocrat whose rescue of the New York Stock Exchange earned him the nickname Super Thain He was hired to save Merrill Lynch in late 2007 but his belief that the markets would rebound led him to underestimate the depth of Merrill s problems Finally we meet Bank of America CEO Ken Lewis a street fighter raised barely above the poverty line in rural Georgia whose my way or the highway management style suffers fools more easily than potential rivals and who made a 50 billion commitment over a September weekend to buy a business he really didn t understand thus jeopardizing his own institution The merger itself turns out to be a bizarre combination of cultures that blend like oil and water where slick Wall Street bankers suddenly find themselves reporting to a cast of characters straight out of the Beverly Hillbillies BofA s inbred culture which perceived New York banks its enemies was based on loyalty and a good ol boy network in which competence played second fiddle to blind obedience Crash of the Titans is a financial thriller that puts you in the theater as the historic events of the financial crisis unfold and people responsible for billion of dollars of other people s money gamble recklessly to enhance their power and their paychecks or to save their own skins Its wealth of never before revealed information and focus on two icons of corporate America make it the book that puts together all the pieces of the Wall Street disaster

Avoiding a Parental Freak-Out Michael Bozack,2020-09-03 Students across America have learned that the transition from high school to college is one of the toughest assignments they have ever received And for a Christian student achieving success in a secular university is even harder Did you know that Only 32% of high school seniors graduate with the skills they need for college Only 20% of entering college students have the basic quantitative skills necessary to compare ticket prices or calculate the cost of food By the end of their freshman year 30% of college students drop out The four year graduation rate for students attending public colleges and universities is currently 33% The six year rate is 58% More than 85% of college students feel overwhelmed and 51% report that things are hopeless Christian students are not immune to the bad statistics They should be our best college students but many are falling prey to the same forces that derail secular students What is a parent to do Help is here In this book we give Christian parents the straight scoop on how to prepare your kids for college Far more Christian students end up at secular colleges and universities than Christian colleges but there are few resources to help parents We show you what to do what to avoid what critical information you need and which battles to fight We offer tons of talking points to share with your kids And best we save you sleep frustration money heartaches pints of Baskin Robbins double chocolate and hours of watching the Hallmark Channel to chill out Related keywords Christian college planning parent college planning
