Ashwin Rao,Tikhon Jelvis,2022-12-16 Foundations of Reinforcement Learning with Applications in Finance aims to demystify Reinforcement Learning and to make it a practically useful tool for those studying and working in applied areas especially finance Reinforcement Learning is emerging as a powerful technique for solving a variety of complex problems across industries that involve Sequential Optimal Decisioning under Uncertainty Its penetration in high profile problems like self driving cars robotics and strategy games points to a future where Reinforcement Learning algorithms will have decisioning abilities far superior to humans But when it comes getting educated in this area there seems to be a reluctance to jump right in because Reinforcement Learning appears to have acquired a reputation for being mysterious and technically challenging This book strives to impart a lucid and insightful understanding of the topic by emphasizing the foundational mathematics and implementing models and algorithms in well designed Python code along with robust coverage of several financial trading problems that can be solved with Reinforcement Learning This book has been created after years of iterative experimentation on the pedagogy of these topics while being taught to university students as well as industry practitioners Features Focus on the foundational theory underpinning Reinforcement Learning and software design of the corresponding models and algorithms Suitable as a primary text for courses in Reinforcement Learning but also as supplementary reading for applied financial mathematics programming and other related courses Suitable for a professional audience of quantitative analysts or data scientists Blends theory mathematics programming algorithms and real world financial nuances while always striving to maintain simplicity and to build intuitive understanding To access the code base for this book please go to https://github.com/TikhonJelvis/RL_book

The Coach: Winning at Personal Finance David G. Giese,2015-04-20 The Coach Winning at Personal Finance is a simple yet powerful and beneficial book for those wanting to improve their personal and family finances It is densely packed with fundamental defensive money management techniques including establishing the all important emergency fund eliminating debt and preparing for retirement by becoming financially independent These money management techniques along with eight others are shared by the Coach David G Giese The educational process used by David aligns the eleven proven financial techniques with each of the eleven defensive positions on a football field The theme in the book is that wealth is achieved by what you save and invest not by what you earn Though money management is complex lets remind ourselves of some basics of the topic David believes that we all want two things when it comes to money One we want to enjoy today our lifestyle and the things money can purchase Two we know someday we want to stop earning and have enough money to carry us throughout retirement The interesting challenge about those two universal desires is that

one objective pulls from the other. Therein lies the challenge. The keys to successfully navigating those two desires around money are balance, discipline, and fundamental money management techniques that David shares in this book. To have money for our future, we have to save some today. Thus, we have to spend less than we earn. Invest in this book and learn how you can achieve both a pleasant lifestyle today as well as financial independence in your future.
