Preparing STEM Teachers Joanne E. Goodell,Selma Koç,2020-09-01 STEM project based instruction is a pedagogical approach that is gaining popularity across the USA However there are very few teacher education programs that focus specifically on preparing graduates to teach in project based environments This book is focused on the UTeach program a STEM teacher education model that is being implemented across the USA in 46 universities Originally focused only on mathematics and science many UTeach programs are now offering engineering and computer science licensure programs as well This book provides a forum to disseminate how different institutions have implemented the UTeach model in their local context Topics discussed will include sustainability features of the model and how program assessment innovative

instructional programming classroom research and effectiveness research have contributed to its success The objectives of the book are To help educators gain insight into a teacher education organizational model focused on STEM and how and why it was developed To present the theoretical underpinnings of a STEM education model i e deep learning conceptual understanding To present innovative instructional programming in teacher education i e projectbased instruction functions and modeling research methods To present research and practice in classroom and field implementation and future research recommendations To disseminate program assessments and improvement efforts **Teaching Dilemmas and Solutions in Content-Area Literacy, Grades 6-12** Peter Smagorinsky,2014-08-27 Middle and high school students must become proficient readers and writers to successfully meet the requirements of the secondary curricula and be adequately prepared for college employment and citizenship Literacy Across the Curriculum is a guide for educators who are concerned with how students experience literacy instruction across the secondary school curriculum and need strategies for raising student performance levels Transparency in Assessment – Exploring the Influence of Explicit Assessment Criteria Anders Jönsson,Frans Prins,2019-04-03 In many schools and higher education institutions it has become common practice to share assessment criteria with students Sometimes it is required for accountability purposes at other times criteria are used as a means to communicate expectations to students However the idea that explicit assessment criteria should be shared with students has been contested On the one hand research has shown that explicit criteria may positively affect student performance reduce their anxiety as well as support students use of self regulated learning strategies On the other hand there are fears that explicit criteria may have a restraining influence on students learning as well as limiting their autonomy and creativity There are also indications of students becoming more performance oriented as opposed to learning oriented when being provided with explicit assessment criteria Taken together it is not fully understood under which circumstances it is productive for student learning to share explicit assessment criteria and under which circumstances it is not In particular empirical research on the proposed negative effects of sharing criteria with learners is limited and most fears voiced in the literature are based on individual experiences and anecdotal evidence In this book we therefore bring different perspectives on transparency in assessment together in order to further our understanding of how students are influenced by the use of explicit assessment criteria A deeper understanding of the influence of explicit assessment criteria on students understanding of criteria motivation and learning is equally imperative for future research and educational practice both of which need to go beyond individual opinions and convictions Common Core Literacy Lesson Plans Lauren Davis,2014-05-22 Schools nationwide are transitioning to the Common Core our advice to you Be prepared but don t go it alone Our new book Common Core Literacy Lesson Plans Ready to Use Resources 9 12 shows you that teaching the Common Core State Standards in high school doesn t have to be intimidating This easy to use guide meets the particular needs of high school teachers It provides model lesson plans for teaching the standards in reading writing speaking listening and language
