discusses the theory's numerous psychological and philosophical applications. Much of human cognition can be understood in terms of coherence as constraint satisfaction and many of the central problems of philosophy can be given coherence-based solutions. Thagard shows how coherence can help to unify psychology and philosophy particularly when addressing questions of epistemology, metaphysics, ethics, politics, and aesthetics. He also shows how coherence can integrate cognition and emotion.

Congressional Record United States. Congress, 1994 Spartan Sports Encyclopedia Jack Seibold, 2003. The complete history of Michigan State's men's athletics program is detailed for the first time with vignettes about seasons and celebrities and a complete review of scores and statistics.
