Description

The Honeywell CM907 is a programmable room thermostat designed to control your heating system efficiently providing comfortable temperatures when you are at home and energy savings when you are away. The following instructions explain how to program and use the CM907 to provide the most home comfort at the least cost.

Features

Experiments Your Interface Features an "ON" button - Holding the CM907 "on" only turns it on for one week after it controls.

Dynamic Test Display - provides information on current feedback and operational assistance to the user.

Extra Large LCD (Liquid Crystal Display) Screen with Backlight - provides added user readability and clearer viewing - even in the dark.

7-day heating program - lets you set the CM907 independently for each day of the week to match your lifestyle, whilst maximizing energy savings.

8 Independent temperature levels per day - lets you set up to 8 temperatures you require from 1 to 20°C so you can enjoy economical comfort every day.

Holiday button - saves energy by letting you reduce the temperature for 1 to 20 days while you are away from home, ensuring normal operation on your return.

Party button - lets you temporarily override (or adjust) the current temperature for 1 - 22 hours. Useful when you have guests to leave the house for a short period.

Day Off button - copies Sunday's program into any other day of the week, so that you can make the CM907 follow the program if you have a day off work.

Automatic Summer/Winter Time Change - will adjust the clock automatically for Daylight Saving Time.

Built-in Memory - holds the user program permanently so that it is never lost - even if you remove the batteries.

Outside Temperature Sensor (optional accessory) can be fitted to the CM907 to display the temperature outside your home.

Remote Temperature Sensor (optional accessory) can be fitted to the CM907 to control the room temperature in another location, controlling the CM907.

Optimum Start - option is an advanced feature which ensures that the optimum temperature conditions are achieved at the required time.
