Finding True Magic: Transpersonal Hypnosis & Hypnotherapy/NLP Jack Elias, 2005-12-31 Finding True Magic is the primary training text for the Transpersonal Hypnotherapy NLP Certification Program offered by the Institute for Therapeutic Learning

Finding True Magic and the Transpersonal Hypnotherapy NLP trainings are appropriate for laypeople seeking personal growth as well as for therapists and other professionals intent on advancing their therapeutic skills In fact about 50 per cent of ITL students take the training primarily for personal development This book explores the possibilities for recognizing and freeing ourselves from a destructive process of perceiving thinking and acting that can be viewed as a pernicious worldwide syndrome Unlike other ailments which we strive to isolate and cure this insidious fever has a characteristic that makes us blind to its presence we come to identify its symptoms as our own true self We lovingly speak of this disease as our ego our sense of limited separate selfhood Jack Elias calls it egoic minding because it is a process not a thing Egoic minding is a fragmented biased way of perceiving and thinking It can be viewed as a sort of destructive hypnotic trance that causes us to experience each other as strangers as different as threats The delirium of this trance causes us to do violence to each other and to our world without ever recognizing that it our egoic thought process is the true enemy By synthesizing insights and techniques of Eastern and Western philosophy and psychology Finding True Magic explores various ways to disperse the feverish trance of egoic minding heal the trauma it causes and wake us up to the sacred magic of our true Self This true inner Self is the wellspring of our capacity for cooperation community building and the celebration of life Everyone has the right to the make use of the essential insights of healing communication without resorting to the long term expense of a professional intermediary Therapy should change simply because there is a more effective approach to healing and personal growth That approach the subject of this book relies on each person s inherent goodness a resource that is surprisingly easy to contact in the space between egoic thoughts

The athlete is instructed that the goal is not to improve the mechanics of their performance that is left up to their coaches but rather to help them to relax, concentrate and focus so that they fulfill their maximum potential. They learn not to let the mental side of their game trip up the physical side but rather to enhance it.

Easy Guide to Mesmerism and Hypnotism
 Marco Paret, James Coates, 2007. This unique book is the new enlarged and complete version of the earlier Easy Guide to Mesmerism and Hypnotism with added text and notes. Dr Paret personally reviewed this new Edition as he applies with incredible success this ancient methodology into which he was personally initiated. Mesmerism is completely different from modern hypnosis. Mesmerism is the Western school corresponding to the use of Prana or Ki Chi in Orient. Parts of the teachings of this school were never completely disclosed in print. Dr Paret who is a genuine practitioner wrote a series of notes which allow a better understanding of practical applications of these techniques and their actualness. Many of the powerful results of Mesmerism are scarcely reachable if only pursued through verbal hypnosis. Dr Paret therefore accompanies you through your reading. You will not only find here the original text of Dr Coates but also a better understanding of the original school of magnetism. If you really want to immerse in this powerful world this is your occasion.
