

A close-up photograph of a blue snake with a red eye, coiled on a textured surface. The snake's body is covered in small, overlapping scales that catch the light, giving it a shimmering appearance. The red eye is prominent and detailed, with a black pupil and a small white reflection. The snake's head is visible in the lower right corner, showing its snout and nostrils. The background is a soft, out-of-focus blue and green, suggesting a natural habitat.

Robertson,2015-05-26 In the previous book *The Celtic Serpent* after a diagnosis of cancer and the death of her grandmother Angi Talismann found herself on an incredible journey Shackled to an unstable piece of ancient technology in the form of a medallion she and her colleagues were forced to locate lost medallion gemstones which had been scattered to different countries in the seventeenth century Close on their heels was a resolute killer bent on acquiring the medallion Tracking down the descendants of old Irish and Scottish families assigned to protect this ancient treasure proved a daunting task Eventually locating the gemstones the initial stage of their venture ended with twelve individuals stepping through a golden serpent gate on the Hill of Tara in Ireland propelling them into another world While stating they would return in three months its assurance was uncertain The journey continues in this book Angi and her companions quickly adapt to their new environment on Tir na nOg the land of the Tuatha de Danann deemed to be the ancient gods of the Irish Here they learn that their escort Sirona is a distinguished member of the kingdom and her ancestor Myttrwn is a gifted scientist and magician supposedly centuries old in Earth terms Under Myttrwn s guidance the twelve discover a different perspective of the universe learn the healing and destructive powers of light and sound and gain some insight into their future role while Angi takes her first steps in mastering the complexities of her medallion Yet with all the goodwill a powerful individual Zolar is displeased with their presence in Tir na nOg and Angi s possession of such advanced technology He sets out to rectify this matter in his own treacherous way The journey to Tir na nOg for the twelve travellers would create an indelible imprint on their lives *Horsemen of the First Frontier (1788-1900) and the Serpent's Legacy* Keith Robert Binney,2005 An economic and social history of early New South Wales told through the life stories of pioneer 19th century horsemen Traces the origin and development of the horse in Australia and a special tribute to Australia s internationally acclaimed thoroughbred expert C Bruce Lowe **The Serpent's Gift** Jeffrey J. Kripal,2008-09-15 Because thou hast done this thou art cursed above all cattle and above every beast of the field With those words in Genesis God condemns the serpent for tempting Adam and Eve and the serpent has shouldered the blame ever since But how would the study of religion change if we looked at the Fall from the snake s point of view Would he appear as a bringer of wisdom more generous than the God who wishes to keep his creation ignorant Inspired by the early Gnostics who took that startling view Jeffrey J Kripal uses the serpent as a starting point for a groundbreaking reconsideration of religious studies and its methods In a series of related essays he moves beyond both rational and faith based approaches to religion exploring the erotics of the gospels and the sexualities of Jesus John and Mary Magdalene He considers Feuerbach s Gnosticism the untapped mystical potential of comparative religion and even the modern mythology of the X Men Ultimately *The Serpent s Gift* is a provocative call for a complete reorientation of religious
