Relative Grief Clare Jenkins,Judy Merry,2005 In this collection of accounts people share their experiences of losing loved ones through death from natural causes genetic conditions accident suicide and murder Looking at death from different perspectives it encourages people to understand their own grief and how those around to them might be affected by what can seem a very private loss *There Is a GOD, And I Am NOT HIM* Britteny Lavondo,2023-06-29 Not all daughters are their daddy s little girl Too many times their fathers are absent from their lives or nonexistent Some may have been abusive The book is about how much the Heavenly Father loves them Earthly fathers may not be able to love their daughters in the way they need Through scriptures the author goes into detail on how much the Father loves his children He can bring peace and comfort and an incredible love that can t be matched to any other love We are all imperfect daughters with imperfect earthly fathers Forgiveness is hard to give when a father has broken his daughter s heart or when he has caused physical and mental pain Father sent his Son Jesus to die for the world s sins and mistakes When a person asks for forgiveness he will give strength This strength will lead a brokenhearted daughter to forgive By forgiving peace and joy will fill her body soul and mind The System of Antichrist Charles Upton,2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam

Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet **The**
