Whitman,2017-06-14 Foreign Policies of EU Member States provides a clear and current overview of the motivations and outcomes of EU Member States regarding their foreign policy making within and beyond the EU It provides an in depth analysis of intra EU policy making and sheds light in an innovative and understandable way on the lesser known aspects of the inter EU and extra EU foreign policies of the twenty eight Member States The text has an innovative method of thematic organisation in which case study state profiles emerge via dominant foreign policy themes The text examines the three main policy challenges currently faced by the twenty eight Member States First EU Member States must cooperate within the mechanisms of the EU including the Common Foreign and Security Policy CFSP Second EU Member States continue to construct their own inter EU foreign policies Third the sovereign prerogative exercised by all EU Member States is to construct their own foreign policies on everything from trade and defence with the rest of the world This combination of clarity thematic structure and empirical case studies make this an ideal textbook for all upper level students of European foreign policy comparative European politics and European studies Law and Sustainability Koen Byttebier,Kim van der Borght,2022-06-22 This book deals with some aspects of the future shape of the socio economic order which would be founded on sustainability principles and the role of law therein instead of on the prevailing capitalist economic order The volume elaborates in particular on how innovation a crucial aspect of free market capitalism and its laws which constitute the current socio economic order could result in a more sustainable economy which in turn could lead to a more sustainable society Moreover the book analyses current developments in financial and economic law and evaluates their perks risks and sustainability levels The book contains no less than 11 chapters in which a variety of experts share their state of the art insights regarding specific domains of socio economic life As such the book deals with topics that are at present fully under debate in societies such as student credit and the dangers it entails cryptocurrencies and how the law tries to regulate this basically private law instrument groups of companies under Belgian company law a proposal for improving the international monetary system and seeds and intellectual property rights besides various other similar themes The book forms the latest volume of the book series Economic and Financial Law Policy Shifting Insights Values and fully complies with the series goal of critically examining the legal methods and mechanisms that shape the global free markets and proposing alternatives to them The book will hereby prove a valuable instrument for all researchers investigating these matters besides policymakers

and their advisers as well as all lawyers active in the field of economic law who look for a new perspective on the subject matters dealt with Chinese and Global Financial Integration through Stock Connect Flora Huang, 2023-10-19 This significant and timely book explores a novel market mechanism Stock Connect which gives mutual market access to Chinese and international investors and provides original analyses and fresh insights This mechanism could become the new normal in future global financial integration By examining this cross border scheme from a regulatory perspective via a three tiered analytical framework investors issuers and regulators this book unearths the profound implications of Stock Connect to local and global financial markets and the legal impediments to its implementation It covers a broad range of topics in this cross boundary investment channel including an overview of four existing connectivity arrangements Shanghai Hong Kong Shenzhen Hong Kong Shanghai London and China Switzerland the uniqueness of these connectivity arrangements investor protection regulations of connect issuers regulatory cooperation and enforcement the impacts on local and global financial markets the implications for the world market connectivity as well as the challenges and future of Stock Connect This pioneering study will appeal to a broad range of readers who are interested in the on going reshaping of international financial systems and China s emerging influence in the international financial order *Citizen Refugee* Udit Sen, 2018-08-30 Explores how refugees were used as agents of nation building in India leading to gendered and caste ridden policies of rehabilitation Smokescreen Chad T. Hanson, 2021-05-25 Smokescreen cuts through years of misunderstanding and misdirection to make an impassioned evidence based argument for a new era of forest management for the sake of the planet and the human race Natural fires are as essential as sun and rain in fire adapted forests but as humans encroach on wild spaces fear arrogance and greed have shaped the way that people view these regenerative events and given rise to misinformation that threatens whole ecosystems as well as humanity s chances of overcoming the climate crisis Scientist and activist Chad T Hanson explains how natural alarm over wildfire has been marshaled to advance corporate and political agendas notably those of the logging industry He also shows that in stark contrast to the fear driven narrative around these events contemporary research has demonstrated that forests in the United States North America and around the world have a significant deficit of fire Forest fires including the largest ones can create extraordinarily important and rich wildlife habitats as long as they are not subjected to postfire logging Smokescreen confronts the devastating cost of current policies and practices head on and ultimately offers a hopeful vision and practical suggestions for the future one in which both communities and the climate are protected and fires are understood as a natural and necessary force *Competitive Advantage in Investing* Steven Abrahams, 2020-04-07 Links theory and practice for investment professionals and portfolio managers demonstrating why some portfolios consistently perform better than others Investing well like any other business depends on competitive advantage Some portfolios reliably generate greater returns than others because they simply are better positioned to benefit from strengths and avoid weaknesses Building and using competitive advantage becomes central

to the daily work of the best mutual funds hedge funds banks insurers and virtually every other type of portfolio But competitive advantage commonly is overlooked in most written work for investment professionals The literature often varies between abstract formal treatments and pragmatic workbooks with little in between Competitive Advantage in Investing fills the gap by integrating modern portfolio theory with actual practice in one comprehensive volume This innovative book guides investment professionals on building and sustaining competitive advantage and helps policymakers and researchers apply theory in a wide range of practical settings Author Steven Abrahams Senior Managing Director at Amherst Pierpont Securities and former Adjunct Professor of Finance and Economics at Columbia Business School draws from his experience in both academic theory and real life strategic investing to bridge the two worlds This valuable resource Connects the formal literature on investing to the actual work of most institutional portfolio managers Examines core strengths and weaknesses that drive portfolio behavior at mutual and hedge funds banks and insurers at other institutions and for individuals Demonstrates how linking portfolio theory and practice can increase competitive advantage Offers a robust description of investing markets and asset value Competitive Advantage in Investing Building Winning Professional Portfolios is a must have book for any investment professional policymaker or researcher Covert Regime Change Lindsey A. O'Rourke,2018-12-15 Lindsey A O Rourke is Assistant Professor of Political Science at Boston College Her research focuses on regime change international security and US foreign policy America, China, and the Struggle for World Order G. John Ikenberry,Zhu Feng,Wang Jisi,2015-07-22 This book brings together twelve scholars six Americans and six Chinese to explore the ways America and China think about international order The book shows how each country s traditions historical experiences and ideologies influence current global dialogues **Catalog of the Foreign Relations Library** Foreign Relations Library,1969 Yearbook of Transnational History Thomas Adam,2019-07-19 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This second volume provides readers with articles on topics such as transnational marriages exile soccer and missionaries as well as on the campaigns in Communist countries for freeing the American civil rights activist Angela Davis These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations connections and spaces created by these movements The articles in this volume explore interconnected historical phenomena in Asia North and South America and Europe from the late seventeenth century to the late twentieth century These articles make clear that historical phenomena such as soccer and exile cannot be contained and explained within just one national setting This volume also offers a theoretical article that provides insights into the concept of intercultural transfer studies and its relationship to comparative and global history and an article that surveys the state of research in the field of transnational crime **Human Heredity in the Twentieth Century** Bernd Gausemeier,2015-10-06 The essays in this collection examine how human heredity was understood between the end of the First World War and the early 1970s The contributors explore

the interaction of science medicine and society in determining how heredity was viewed across the world during the politically turbulent years of the twentieth century **How Was It Possible?** Peter Hayes,2015 As the Holocaust passes out of living memory future generations will no longer come face to face with Holocaust survivors But the lessons of that terrible period in history are too important to let slip past How Was It Possible edited and introduced by Peter Hayes provides teachers and students with a comprehensive resource about the Nazi persecution of Jews Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally the anthology sets out to provide answers to questions that may otherwise defy comprehension This anthology is organized around key issues of the Holocaust from the historical context for antisemitism to the impediments to escaping Nazi Germany and from the logistics of the death camps and the carrying out of genocide to the subsequent struggles of the displaced survivors in the aftermath Prepared in cooperation with the Jewish Foundation for the Righteous this anthology includes contributions from such luminaries as Jean Ancel Saul Friedlander Tony Judt Alan Kraut Primo Levi Robert Proctor Richard Rhodes Timothy Snyder and Susan Zuccotti Taken together the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy inviting readers to learn precisely how the Holocaust was in fact possible 2020-12-01 2020 2020 COVID 19
