Morlock,James Branch Cabell,2012-03 Based on the bestselling novel by James Branch Cabell Jurgen is a philosophical fantasy in the manner of Candide which strings together the hero s sexual adventures into an ironic and satirical commentary on life and sex During his travels through space and time Jurgen encounters a number of different characters from history and always manages to escape his follies relying on his natural attractive charm to rescue him when nothing else works The sexual innuendoes in the original novel were so strong that attempts were made to prevent the book s publication and to ban it from circulation but now his escapades just seem bitingly funny and entertaining A sophisticated comedy for adults with a sharply pointed stiletto of satire *Jurgen* James Branch Cabell,1928 **Delphi Complete Works of James Branch Cabell (Illustrated)** James Branch Cabell ,2021-09-01 The mid twentieth century American author James Branch Cabell made a significant contribution to the development of fantasy fiction Famous exponents of the genre such as Jurgen and The Silver Stallion are noted for their satirical and mannered style sexual symbolism and for exploring a unique philosophy of life His landmark series of books entitled Biography of the Life of Manuel are set in the imaginary medieval province of Poictesme offering the reader an escape from real life while employing a sceptical view of human experience For the first time in publishing history this eBook presents Cabell s complete fictional works with numerous illustrations many rare texts informative introductions and the usual Delphi bonus material Version 1 Beautifully illustrated with images relating to Cabell s life and works Concise introductions to the major texts The complete Biography of the Life of Manuel with individual contents tables Special Storisende Index page with hyperlinks to the series in narrative order Features many rare books appearing for the first time in digital publishing Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts Famous works are fully illustrated with their original artwork The complete Heirs and Assigns trilogy The complete The Nightmare Has Triplets trilogy Rare poetry stories and essays available in no other collection Cabell s autobiography digitised here for the first time Features the important collection of essays Quiet Please Ordering of texts into chronological order and genres Please note The St Johns 1943 a non fiction book and the first part of the It Happened in Florida trilogy was co written with Alfred J Hanna and so cannot appear in this eBook due to copyright restrictions release date 2029 CONTENTS Storisende Index to Biography of the
