monograph of cultural economics of a new concept artist enterprises It explores various dimensions that artists embody i e aesthetic critical messianic and economic ones and screens the multiple challenges faced by the artist enterprises in terms of pricing funding and networking in the Digital Age It shows how these artist enterprises are at the core of the contemporary creative industries Even when they are on their own artists have to demonstrate or manage a variety of skills sign contracts both in the early and later stages of their activities and also maintain relationships and networks that enable them to attain their artistic and economic goals They are no longer simply entrepreneurs managing their own skills but are the enterprises themselves The artist enterprises thus find themselves at the confluence of two dynamics of production artistic and economic artistic because they invent new expressions and meanings and economic because these expressions must be supported by monetary values on the market The artistic dynamic is part of a long process of artistic enhancement and only an artist can say whether it has reached the point of presentation or equilibrium The economic dynamic is dependent on the constant endorsement of artists works by the market to ensure their survival as artist enterprises The tension created by this disparity is further aggravated by another tension the need to overcome a number of risks so that artist enterprises can progress This book will be of special interest to artists managers students professionals and researchers in the fields of the arts creativity economics and development The author is Emeritus Professor at the University Paris I Panth on Sorbonne

The Drowned Book Sean O'Brien, 2015-06-18 With an introduction by Helen Dunmore Come for a walk down the river road For though you re all a long time dead The waters part to let us pass The way we d go on summer nights In the times we were children And thought we were lovers The Drowned Book is a work of memory commemoration and loss dominated by elegies for those the author has loved and admired Sean O'Brien's exquisite collection is powerfully affecting sad and often deeply funny but it is also a dramatically compelling book disquieting even and full of warnings As the book unfolds O'Brien's verse occupies an increasingly dark subterranean territory where the waters are rising threatening to overwhelm and ruin the world above Winner of both the T S Eliot and Forward prizes The Drowned Book is an extraordinary collection a classic from one of the leading poets of our time
