Christianity in a Post-Christian World W. Paul Jones,2021-11-03 The contemporary Christian church is in critical decline both in membership and finances All attempts at reversal are failing primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self destructive course Consequently Christian imagery is losing its conceivability and credibility and past motivations that once encouraged belief have lost their appeal Without these as points of contact the demise of the institutional church will be relentless despite all efforts to halt it Yet as at other crisis points in history the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise After carefully analyzing the ingredients of our societal crisis the author develops the contours of a Remnant Church to be set in place now within the present institutional churches This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment Thereby prepared for the long haul the Remnant Church can emerge as a prophetic alternative **Sourcebook for Sundays and Seasons 2008** Todd

Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history spanning from the church's founding through the Middle Ages to the modern day, denominational and institutional profiles, intellectual traditions in Christian education, biblical and theological frameworks, curricula, missions, adolescent and higher education, theological training, and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education. *Pope Francis and the Event of Encounter* John C. Cavadini, Donald Wallenfang, 2018-01-19

Since being elected to the Chair of St. Peter on March 13, 2013, Pope Francis has given unique shape to the meaning of the new evangelization. With his emphasis on the concept of encounter and his stunning expression of pastoral ministry in *Evangelii gaudium*, the present pontiff has breathed new life into the Christian vocation to evangelize. This book brings together the voices of fifteen American Catholic scholars around the theme of Pope Francis and the Event of Encounter. Inaugurating the new series *Global Perspectives on the New Evangelization*, this book incorporates a variety of approaches and questions in order to amplify the theology behind the pontificate of Pope Francis and the most recent developments in the new evangelization. Among the topics treated in the book are mercy, ecology, doctrine, culture, and the life and ministry of Jorge Mario Bergoglio. The reader will be delighted with an array of perspectives that promise to give inspiration for embarking on further frontiers of the new evangelization.

Hearing the Scriptures Eugen J. Pentiuc, 2021-10-16 Throughout the ages interpreters of the Christian scriptures have been wonderfully creative in seeking to understand and bring out the wonders of these ancient writings That creativity has often been overlooked by recent scholarship concentrated as it is in the so called critical period In this study Eugen J Pentiuc illuminates the remarkable way in which the Byzantine hymnographers liturgists expressed their understanding of the Old Testament in their compositions an interpretive process that he terms liturgical exegesis In authorship and methodology patristic exegesis and liturgical exegesis are closely related Patristic exegesis however is primarily linear and sequential proceeding verse by verse while liturgical exegesis offers a more imaginative and eclectic mode of interpretation ranging over various parts of the Bible In this respect says Pentiuc liturgical exegesis resembles cubist art To illuminate the multi faceted creativity of liturgical exegesis Pentiuc has chosen the vast and rich hymnography of Byzantine Orthodox Holy Week as a case study offering a detailed lexical biblical and theological analysis of selected hymns His analysis reveals the many different and imaginative ways in which creative liturgists incorporated and interpreted scriptural material in these hymns By drawing attention to the way in which the bible is used by Byzantine hymnographers in the living Orthodox tradition *Hearing the Scriptures* makes a ground breaking contribution to the history of the reception of the scriptures **The**

Liturgical Hermeneutics of Sacred Scripture Marco Benini, 2023-09-15 The purpose of this book is to explore what a liturgical approach to the Bible looks like and what hermeneutical implications this might have How does the liturgy celebrate understand and communicate Scripture The starting point is Pope Benedict's affirmation that a faith filled understanding of sacred Scripture must always refer back to the liturgy Verbum Domini 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ's paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies

The Character of David in Judaism, Christianity

and Islam ,2021-11-29 King David is one of the most central figures in all of the major monotheistic traditions. He generally connotes the heroic past of the more imagined than real ancient Israelite empire and is associated with messianic hopes for the future. Nevertheless, his richly ambivalent and fascinating literary portrayal in the Hebrew Bible is one of the most complex of all biblical characters. This volume aims at taking a new critical look at the process of biblical creation and subsequent exegetical transformation of the character of David and his attributed literary composition, the Psalms, with particular emphasis put on the multilateral fertilization and cross-cultural interchanges among Jews, Christians, and Muslims.
