

Department of English

The Department of English, Annamalai University, is the largest English department in Tamil Nadu in terms of staff size, student strength, course options, and library facilities. One of the oldest departments of study, the department, since its inception in 1929, has always been a pioneer in the study of and research in English Language and Literature. The department has had the good fortune of being visited by renowned international dignitaries since its inception. Some of the faculty members have also gone abroad either for higher studies or to undergo short term training programs and thus the department has had the benefit of eminent scholars directing its activities. There are twenty six faculty members (Professors - 05; Associate Professors – 06; Assistant Professors – 15) who are conversant with both traditional and contemporary knowledge in English Literary Studies and strongly talented in its systematic dissemination.

Doctoral Research in English Studies in India Ravindra Baburao Tasildar, 2025-07-05 Aspirant researchers are generally in search of a less researched topic on which to base their doctoral degree. The constraints in identifying a suitable topic for doctoral study are generally ignored. The lack of training in reference skills and the absence of reference sources results in piles of theses on the same or similar topics. Hence this book, which also includes a separate bibliography of PhD theses, aims to help the aspirant researchers to find out a proper topic for their research degrees and review the related literature. It will guide them to refer to the theses either available on Shodhganga, a reservoir of Indian theses, or in the academic libraries in Higher Education Institutions. The book is also recommended for PhD coursework in Indian universities. **The**

English Board of Studies, 1967 **English Studies in Indian Universities** Ravindra Baburao Tasildar, 2019-01-22 Right from its formal introduction in India in 1835 through Thomas B Macaulay's Minute, English has been intrinsically linked with the employment prospects of Indians. During their regime, the British promoted English education to fulfil the requirement of English-knowing Indians for administrative purposes. Owing to globalization, the last few years have witnessed the opening up of thousands of lucrative job opportunities for graduates proficient in English. English has gained importance in India as the language of opportunities. In colonial India, English education was a passport to government jobs, while in the twenty-first century, proficiency in English is essential for private sector jobs. This book examines the development of curricula in English in Indian universities vis-à-vis the needs of second language learners studying in Special English programmes of Bachelor of Arts (BA). It also reflects on how globalization has strengthened the connection between English and employment. **Walter**

English Language Teaching: Issues and Challenges S. Udhayakumar, K. Vellaichamy, English as a global language plays a vital role in every one's life. Students think that English language opens the door of the world for their future life. But as an alien language, the learners find it very difficult to understand the language. Not only to understand but to read, write and speak. A social language may be learnt quickly as there are many chances to encounter with public people who speak this as

their mother tongue or a community language But English is not a social language so all learners face difficulty This difficulty may be eased out by adopting different methodology for learning English language This could be possible only for educational institutions In India and non English speaking countries English could be learnt only in schools colleges and Universities So it is very important that methodology for English teaching should be often checked and updated Earlier chalk and talk method was adopted In due course it underwent many changes and it now has become student centric and the teacher has become a facilitator for the students in teaching learning process The classroom once a four wall room with a single board and small chalk piece has now become a smart classroom with white smart board and an electronic pen stick Even an LKG classroom is connected to the world and with one click the whole world comes into the classroom through internet services and displayed on the white board If Shakespeare is taught his manuscript of the text is displayed and his life is shown as a video film If the Universe is taught to the students the video of the Universe is shown and the real scientists are explaining the doubts of the students and they chat with the learners As we are living in such a modern and advanced period teaching methodology for English teaching should be updated to meet the challenges of today s world Education is the only way for the humanity to live happily and peacefully Education connects the whole world for the benefit of the human race which is not possible for animal beings and other creatures also In this process English language plays a crucial role and an edition of book chapters may benefit the student and teaching community to update the teaching methodology of English language So this edition is brought to fulfill the need of the current society

Academic Advancement in Composition Studies Richard C. Gebhardt, Barbara Genelle Smith Gebhardt, 2023-04-28 This volume deals with a number of related issues that are becoming increasingly crucial for English studies during this time when most faculty in the field are assistant professors approaching tenure review or associate professors seeking promotion These critical issues focus on The diversity of research and scholarly publication in composition studies The fact that composition studies faculty are often evaluated by personnel committee members department chairs and deans unfamiliar with the nature and demands of the field The way that American higher education is rethinking scholarship and the role it plays in the work and evaluation of faculty members and The role composition studies faculty can play in this review of scholarship and professional advancement This book seeks to address the entire spectrum of composition studies expository and argumentative writing personal essay literary nonfiction technical and business writing historical rhetoric empirical research and more by understanding the nature of and evaluating the work of faculty members

in this broad field Scholarship and advancement issues are discussed in a variety of situations including basic and regular first year composition classes at four year and two year institutions or writing centers advanced writing courses ESL and skills development programs and writing classes and programs for teachers administrators and researchers The chapters focus on a variety of subjects including the importance of mentoring and faculty development in all departments and institutions and how young scholar teachers and assistant professors can prepare for a successful personnel or tenure review
