The i5 Approach: Lesson Planning That Teaches Thinking and Fosters Innovation Jane E. Pollock, Susan Hensley, 2017-11-27 If the three r s define education s past there are five i s information images interaction inquiry and innovation that forecast its future one in which students think for themselves actively self assess and enthusiastically use technology to further their learning and contribute to the world What students need but too often do not get is deliberate instruction in the critical and creative thinking skills that make this vision possible The i5 approach provides a way to develop these skills in the context of content focused and technology powered lessons that give students the opportunity to Seek and acquire new information Use visual images and nonlinguistic representations to add meaning Interact with others to obtain and provide feedback and enhance understanding Engage in inquiry use and develop a thinking skill that will expand and extend knowledge Generate innovative insights and products related to the lesson goals Jane E Pollock and Susan Hensley explain the i5 approach s foundations in brain research and its links to proven instructional principles and planning models They provide step by step procedures for teaching 12 key thinking skills and share lesson examples from teachers who have successfully i5 ed their instruction With practical guidance on how to revamp existing lessons The i5 Approach is an indispensable resource for any teacher who wants to help students gain deeper and broader content understanding and become stronger and more innovative thinkers Minding the Achievement Gap One Classroom at a Time Jane E. Pollock, Sharon M. Ford, Margaret M. Black, 2012-05-11 The achievement gap is a persistent and perplexing challenge for educators While school and system level reforms continue to be discussed in statehouses and district offices individual teachers are challenged to do something now to help students who are falling short of standards including students who are English language learners and receiving special education services A companion to the ASCD best seller Improving Student Learning One Teacher at a Time this book identifies small specific adjustments to planning teaching and assessment practices that will support more effective learning in every student every day and help close the achievement gap on a classroom by classroom basis Here you ll learn how to Use readily available tools curriculum documents a plan book and a grade book to improve all students access to interaction with and mastery of lesson content Design daily lessons that clarify learning goals and require students to use high yield learning strategies seek feedback and reflect on their progress Promote the progress of English language learners through coordinated pursuit of content and language goals and synchronize instruction to improve the performance of special education students in both co teaching and resource environments This book also features the voices of working educators who share how minding the gap has helped them engage academically at risk students ELLs and special education students improve students test scores and sustain these gains over time If you are a classroom teacher or specialist committed to helping all your students become more successful learners and unwilling to wait for high level solutions or even the results of another data retreat then this is just the resource you need Improving

Student Learning One Teacher at a Time Jane E. Pollock, Laura J. Tolone, 2020-12-16 In this second edition of *Improving Student Learning One Teacher at a Time* Jane E. Pollock and Laura J. Tolone combine updated research and real world stories to demonstrate how it takes only one teacher to make a difference in student performance. Their approach expands the classic three part curriculum instruction assessment framework by adding one key ingredient: feedback. This Big Four approach offers an easy to follow process that helps teachers build better curriculum documents with Curriculum standards that are clear and well paced and describe what students will learn. Instruction based in research from daily lessons to whole units of study. Assessment that maximizes feedback and requires critical and creative thinking. Feedback that tracks and reports individual student progress by standards. Pollock and Tolone demonstrate how consistent timely feedback from multiple sources can help students monitor their own understanding and help teachers align assignments, quizzes and tests more explicitly to the standards. The Big Four shifts the focus away from the basics of what makes a good teacher toward what makes good learning happen for every student every day. *Empowering Teachers and Democratizing Schooling* Keith Heggart, Steven Kolber, 2022-09-13 This edited book brings together teachers and education academics who are committed to education about for and through democracy. It presents a diverse range of viewpoints about the challenges facing educators working across different sectors and discusses ways to challenge issues like neoliberalism, excessive managerialism and accountability and privatisation. It also engages with the times that education has and continues to fail students. This book outlines both logistical and ideological challenges which educators committed to democracy face and describes innovative approaches they have adopted including networking, the use of social media and digital tools and extending their reach beyond their local communities to international audiences. It encourages conversations about how educators and academics might re-commit to education for democracy and generate further avenues for discussion and action by educators and academics. *Improving Student Learning One Principal at a Time* Jane E. Pollock, Sharon M. Ford, 2009 A companion to the ASCD best seller *Improving Student Learning One Teacher at a Time*, this breakthrough approach to supervision offers principals a simple positive way to help teachers make the right adjustments in curriculum, instruction, assessment and feedback, the four areas of practice that make the most difference in how learners learn. **Lesson Plan Template**, 2003 Raven's Feast Lesson Plan Kung Jaadee, 2018-09 Lesson Plans and resources for teachers that accompany the book *Raven's Feast* by Kung Jaadee.
