computer is a problem faced by millions of computer users. The reason for that is simple: Windows computers tend to slow down with time and use. As a result, they become a pain in the neck to use. But a slow computer can be fixed, and Turbo Windows: The Ultimate PC Speed Up Guide is the book that will teach you how to do it. Turbo Windows: The Ultimate PC Speed Up Guide will teach you how to perform essential PC maintenance, troubleshoot common computer problems, fix Windows errors, crashes, and freeze-ups, upgrade your hardware, apply advanced Windows tweaks, speed up Internet connection, and more. Turbo Windows: The Ultimate PC Speed Up Guide is the only book that is written for both novice and more experienced computer users. It provides easy-to-follow computer speedup and maintenance instructions written in plain English. This makes the book invaluable for less experienced users. With the help of Turbo Windows, even computer novices will be able to speed up their PCs by simply following the instructions. Moreover, the book explains how Windows computers work and why they should be optimized. With this book, your sluggish Windows PC will become Turbo Windows PC, and you will achieve the ultimate speed and performance gain.

Healthcare in the United States: Clinical, Financial, and Operational Dimensions, Second Edition Stephen L. Walston, Kenneth L. Johnson, 2024-05-21 Healthcare in the United States offers a comprehensive examination of the US healthcare system and its development, addressing various challenges related to cost, access, and quality. Using straightforward descriptions, sidebars, case studies, and vignettes, the text illuminates the complex system's organizations, financing, and delivery models. This second edition contains updated data throughout and explores the effect of the COVID-19 pandemic on many facets of the healthcare system, including long-term care, population health, and health information technology. It also includes the following new material: New chapters on public health organizations, services, and challenges; the interplay between healthcare laws and ethics; and healthcare funding and financial management of healthcare organizations. Expanded discussions of post-acute care, mental health parity, and health disparities. Healthcare in the United States provides future healthcare administrators and clinicians with a thorough understanding of the multifaceted US healthcare system, as well as the conflicting assumptions and expectations that underpin the delivery of healthcare.
