institutional and academic contexts On the other hand the concept of change will also be investigated by focusing on oral written and web mediated genres Throughout the volume the different reading paths aim at highlighting the influence of the three waves of globalization on genre evolution thus contributing to providing evidence in favour of the homogenization or fragmentation hypotheses which claim new global genres are outnumbering or are outnumbered by the proliferation of a myriad of new customized genres

Capturing Social and Behavioral Domains and Measures in Electronic Health Records Institute of Medicine, Board on Population Health and Public Health Practice, Committee on the Recommended Social and Behavioral Domains and Measures for Electronic Health Records, 2015-01-08 Determinants of health like physical activity levels and living conditions have traditionally been the concern of public health and have not been linked closely to clinical practice However if standardized social and behavioral data can be incorporated into patient electronic health records EHRs those data can provide crucial information about factors that influence health and the effectiveness of treatment Such information is useful for diagnosis treatment choices policy health care system design and innovations to improve health outcomes and reduce health care costs
