Friedrich Nietzsche (English Edition) Georg Brandes, 2015-02-25 Example in this ebook AN ESSAY ON ARISTOCRATIC RADICALISM 1889 Friedrich Nietzsche appears to me the most interesting writer in German literature at the present time Though little known even in his own country he is a thinker of a high order who fully deserves to be studied discussed contested and mastered Among many good qualities he has that of imparting his mood to others and setting their thoughts in motion During a period of eighteen years Nietzsche has written a long series of books and pamphlets Most of these volumes consist of aphorisms and of these the greater part as well as the more original are concerned with moral prejudices In this province will be found his lasting importance But besides this he has dealt with the most varied problems he has written on culture and history on art and women on companionship and solitude on the State and society on life s struggle and death He was born on October 15 1844 studied philology became in 1869 professor of philology at Basle made the acquaintance of Richard Wagner and became warmly attached to him and associated also with the distinguished historian of the Renaissance Jakob Burkhardt Nietzsche s admiration and affection for Burkhardt were lasting His feeling for Wagner on the other hand underwent a complete revulsion in the course of years From having been Wagner s prophet he developed into his most passionate opponent Nietzsche was always heart and soul a musician he even tried his hand as a composer in his Hymn to Life for chorus and orchestra 1888 and his intercourse with Wagner left deep traces in his earliest writings But the opera of Parsifal with its tendency to Catholicism and its advancement of the ascetic ideals which had previously been entirely foreign to Wagner caused Nietzsche to see in the great composer a danger an enemy a morbid phenomenon since this last work showed him all the earlier operas in a new light During his residence in Switzerland Nietzsche came to know a large circle of interesting people He suffered however from extremely severe headaches so frequent that they incapacitated him for about two hundred days in the year and brought him to the verge of the grave In 1879 he resigned his professorship From 1882 to 1888 his state of health improved though extremely slowly His eyes were still so weak that he was threatened with blindness He was compelled to be extremely careful in his mode of life and to choose his place of residence in obedience to climatic and meteorological conditions He usually spent the winter at Nice and the summer at Sils Maria in the Upper Engadine The years 1887 and 1888 were astonishingly rich in production they saw the publication of the most remarkable works of widely different nature and the preparation of a whole series of new books Then at the close of the latter year perhaps as the result of overstrain a violent attack of mental disorder occurred from which Nietzsche never recovered To be continue in this ebook

Shack Road Hallam Whitney, 2012-07-01 A sharecropper s women what a life they led a man Callie May his wife just couldn t help being friendly to strangers a warm friendliness that was forever attracting strangers to her May Ellen his elder daughter ran away from the cabin on Shack Road to look for a nice respectable husband but came running home again on her honeymoon Grandma his mother in law had stories to tell that would make a wild stallion blush

and there was no stopping her when she began talking about her young days Lorraine the younger daughter she was the real one Down in Tampa where she worked or back home on Shack Road the men couldn't keep away from her and whether it was the Colonel who owned the land the family lived on or the nice boy May Ellen married or a chance bill collector who came around when they saw Lorraine there was the devil to pay

The Picture of Dorian Gray (Collector's Edition) Oscar Wilde, 2017-11-15 The Picture of Dorian Gray the only novel by Oscar Wilde was first published in 1890 A substantially revised and expanded edition was published in April 1891 For the new edition Wilde revised the content of the novel's existing chapters divided the final chapter into two chapters and created six entirely new additional chapters Whereas the original edition of the novel contains 13 chapters the revised edition of the novel contains 20 chapters The 1891 version was expanded from 13 to 20 chapters but also toned down particularly in some of its overt homoerotic aspects Also chapters 3, 5 and 15 to 18 are entirely new in the 1891 version and chapter 13 from the first edition is split in two becoming chapters 19 and 20 The novel tells of a young man named Dorian Gray the subject of a painting by artist Basil Hallward Dorian is selected for his remarkable physical beauty and Basil becomes strongly infatuated with Dorian believing that his beauty is responsible for a new mode of art The Picture of Dorian Gray is considered one of the last works of classic gothic horror fiction with a strong Faustian theme It deals with the artistic movement of the decadents and homosexuality both of which caused some controversy when the book was first published However in modern times the book has been referred to as one of the modern classics of Western literature Oscar Wilde 1854-1900 was an Irish writer and poet After writing in different forms throughout the 1880s he became one of London's most popular playwrights in the early 1890s Today he is remembered for his epigrams his only novel The Picture of Dorian Gray his plays and poetry and the circumstances of his imprisonment and early death
