Behar,2015 This inaugural Handbook of Oncology Social Work Psychosocial Care for People with Cancer provides for the first time a repository of the breadth and scope art and science of oncology social workers practice education research policy and program leadership in the psychosocial care of people with cancer and their families *Shock and Vibration Computer Programs* Barbara Pilkey,1975 MindXpres: Conceptual and Technical Foundations for Next Generation Presentation Solutions Reinout Roels,2019-05-27 Presentation tools such as PowerPoint were initially created to simulate physical slides and have inherited a lot of their limitations In this dissertation we identify the shortcomings and unmet user needs in presentation software by means of literature study observations a survey and the programmatic analysis of over 12000 PowerPoint documents The results indicate that user needs are slowly evolving while existing software has hardly changed over the last 30 years We motivate the need to rethink the concept of a presentation and we provide

conceptual and technical foundations that can enable interoperable and well integrated solutions for the identified shortcomings The resulting MindXpres platform consists of a new conceptual framework content model information system and presentation engine We present MindXpres as a presentation platform that enables researchers and developers to build innovative presentation solutions that cannot be implemented in the existing tools We further demonstrate the flexibility of the MindXpres platform by discussing a wide range of proof of concept plug in solutions for the identified shortcomings and unmet user needs

Handbook of Construction Safety, Health and Well-being in the Industry 4.0 Era Patrick Manu,Gao Shang,Paulo Jorge Silva Bartolo,Valerie Francis,Anil Sawhney,2023-05-12 This Handbook seeks to examine and advance current understanding of the confluence of construction health safety and well being and the broad range of Industry 4 0 technologies in use in the architecture engineering and construction AEC industry Globally the construction sector accounts for more than 100 000 occupational fatalities annually In many countries reports of work related accidents injuries and illnesses are commonplace and there is an urgent need to improve the occupational safety and health OSH outlook of the construction sector The fourth industrial revolution presents opportunities to leverage modern technologies e g big data artificial intelligence automation sensors AR VR and robotics to improve the poor OSH performance of the construction industry However embracing such technologies could also induce unintended adverse consequences for the safety health and well being of construction workers Therefore the realisation of the opportunities as well as the mitigation of potentially adverse consequences requires research informed holistic insights around the union of Industry 4 0 and construction occupational safety and health management This cutting edge volume addresses a significant gap in literature by bringing together experienced academics and researchers to highlight the drivers opportunities and drawbacks of the merging of Industry 4 0 with construction health safety and well being After a detailed introductory section which highlights key issues and challenges section one covers the application of a broad range of digital technologies then section two discusses the application of industrial production and cyber physical systems in the context of construction safety and health management Readers from a broad range of AEC backgrounds as well as safety professionals and technologists will come to understand how the technologies are applied and the resulting OSH benefits as well as potential drawbacks

Handbook of Evidence-Based Interventions for Children and Adolescents Lea Theodore,2016-07-20 A step by step resource for treating more than 40 prevalent issues with proven strategies This comprehensive handbook for evidence based mental health and learning interventions with children and adolescents is distinguished by its explicit yet concise guidance on implementation in practice With a compendium of proven strategies for resolving more than 40 of the most pressing and prevalent issues facing young people the book provides immediate guidance and uniform step by step instructions for resolving issues ranging from psychopathological disorders to academic problems Busy academics practitioners and trainees in schools and outpatient clinical settings will find this resource to be an invaluable desktop reference for facilitating well

informed decision making Unlike other volumes that ignore or merely reference the evidence base of various interventions this book focuses on providing immediate empirically supported guidance for putting these strategies into direct practice Issues covered include crisis interventions and response social and emotional issues academic learning issues psychopathological disorders neuropsychological disorders and the behavioral management of childhood health issues Each chapter follows a consistent format including a brief description of the problem and associated characteristics etiology and contributing factors and three evidence based step by step sets of instructions for implementation Additionally each chapter provides several websites offering further information about the topic Featuring contributions from leading scholars and practitioners on each issue covered this book will be a valuable resource for child clinical and school psychologists counselors social workers and therapists as well as other health and mental health professionals whose primary practice is with children and adolescents Key Features Demonstrates step by step evidence based interventions for more than 40 common childhood issues Provides treatment procedures that can be immediately put into practice Covers a wide range of mental health and academic learning issues for children and adolescents Relevance for both school based and clinically based practice Includes contributions by noted experts in the field Joseph Kandel,Christine A. Adamec,2003-01-01
