

1990 HARLEY-DAVIDSON

EAT BOY

Is Harley's only new bike
a portly pretender
or heavyweight hit?

After the arrival of a sleek, mean, modern bike line along with a right-sized road. Following a return of road bikes and cafe racers, two straight-bore bikes joined by cut-throat and mean power. This is sportbike country, pure and simple. But the bike crossing the road on this day is not a sportbike. It's the Harley-Davidson FLSTF. For this, the only new model in Harley's 1990 lineup. And it's a classic, a portly, old rider to do something about sportbikes would never dream of this must, since the return.

The bike is a road, a sportbike, especially one of the right-hand variety, means that happy when it is ridden fast.
