Students at Risk of School Failure José Jesús Gázquez, José Carlos Núñez, 2018-10-18 The main objective of this Research Topic is to determine the conditions that place students at risk of school failure identifying student and context variables In spite of the fact that there is currently little doubt about how one learns and how to teach in some countries of the developed world there is still there is a high rate of school failure Although the term school failure is a very complex construct insofar as its causes consequences and development from the field of educational psychology the construct student engagement has recently gained special interest in an attempt to deal with the serious problem of school failure School engagement builds on the anatomy of the students involvement in school and describes their feelings behaviors and thoughts about their school experiences So engagement is an important component of students school experience with a close relationship to achievement and school failure Children who self set academic goals attend school regularly and on time behave well in class complete their homework and study at home are likely to interact adequately with the school social and physical environments and perform well in school In contrast children who miss school are more likely to display disruptive behaviors in class miss homework frequently exhibit violent behaviors on the playground fail subjects be retained and if the

behaviors persist quit school Moreover engagement should also be considered as an important school outcome eliciting more or less supportive reactions from educators For example children who display school engaged behaviors are likely to receive motivational and instructional support from their teachers The opposite may also be true But what makes student engage more or less The relevant literature indicates that personal variables e g sensory motor neurodevelopmental cognitive motivational emotional behavior problems learning difficulties addictions social and or cultural variables e g negative family conditions child abuse cultural deprivation ethnic conditions immigration or school variables e g coexistence at school bullying cyberbullying may concurrently hinder engagement preventing the student from acquiring the learnings in the same conditions as the rest of the classmates

Go Blended! Liz Arney, 2015-02-02 Craft a blended learning program tailor made for your students Go Blended is a practical implementation guide for educators interested in getting blended learning off the ground Author Liz Arney is a seasoned developer of blended learning programs at Aspire Public Schools and she also closely collaborates with district and charter leaders from across the country on this work Go Blended offers boots on the ground support for laying the foundation for a blended learning program in our schools and classrooms Throughout the book teachers with blended learning experience share helpful tips and lesson plans to help educators make purposeful choices in using technology to fulfill students needs without becoming an end in itself This useful guide also offers key documents and timelines to support a blended learning implementation and provides step by step practical advice for avoiding mistakes Readers will gain expert insight into both the broad and narrow of blended transition from sweeping concepts like program goals to nitty gritty details like teaching routines around technology use Technology is rapidly changing the landscape of education teacher effectiveness and student achievement are both tied to the ability to adapt to new technology and blended learning has become a hot topic in schools across the nation Go Blended helps school leaders and teachers take their first steps toward blended learning putting them in a better position to continuously adapt as the world changes You ll learn how to Investigate leadership and staff readiness to go blended Learn how to evaluate and purchase the right educational software Keep the program s goals in mind throughout the development process Teach lessons that set students up for success when using classroom technology Tailor the program to the students not the other way around Aspire s impressive track record of high performance along with a growing body of evidence from blended schools across the nation testifies to the reality that incorporating technology into the classroom can improve student outcomes But improved student outcomes will only occur when teachers and administrators intentionally tailor technology and curricula to meet their goals With Go Blended you can be confident that you re focused on the ultimate goal of blended learning increasing student achievement
