After you finish test duty at the testing of the entire facility, begin the examination by following the directions for Part I as given below.

Directions for Part I:

Remove students to your table in the facility and read the directions for Part I. After reading, read and understand the directions. Begin speaking now in using the FLACS model, speaking only the following:

There are some questions in Part I. Each question is based on a short passage, which will be read aloud to you. Listen carefully. After each passage, and with some four-point instructions in English now. Then you will hear the passage in Spanish now. After you have heard the passage in the competition, you will hear the questions in English now. The questions will be posed to you at the table. After you have heard the questions, you will hear them clearly, slowly, before starting the test questions. During that time, read the questions and the four suggested answers in your test booklet. Choose the four suggested answer on the basis of the instructions provided in the passage and write in Spanish in the space provided in your answer booklet. If possible, you read the questions and the suggested answers while listening to the passage. This will allow you to give all your attention to what the student will answer. Begin.
