Thornton, 2022-11-17 Sharon Thornton gives pastoral theology new ears that hear the true depth and breadth of suffering. She dares to look beyond the accepted perspectives of pastoral theology to discern a new vision of hope made possible by the cross. Thornton brings pastoral theology into conversation with public theology, reading them from the perspective of the cross. When interpreted from its political standpoint, the cross offers new and challenging pastoral perspectives on the complex experiences of modern life. The cross of Christ names suffering for what it is, giving us a means of radically critiquing all attempts to camouflage, minimize, or distort the truth of pain. Sharing her experiences of ministering to those anguished by poverty and oppression, Thornton brings to light the external forces that contribute both directly and indirectly to human brokenness. And through these same stories and the work of a faith community modeling alternative practices in pastoral care, she shows us that there is hope for healing. **God Loves Broken People** Sheila Walsh, 2012-03-12 The other side of brokenness. If I could write only one book in my lifetime, I would ask God to make it this one: the very book you now hold in your hands. Sheila Walsh: God loves broken people. And when weary, wounded men and women find a way to open their bruised hearts and somehow welcome Him into their personal darkness, they will find a love beyond anything they have ever known. When the glass house Sheila had lived in for so many years came crashing to the ground, she began a new life outside the safety of those walls. No, it didn't feel good nor safe, not at all. But it felt true. Sheila saw herself as a broken lamb limping after the Shepherd, not knowing where He was going but knowing that wherever He went, she wanted to go with Him. In twelve stirring, insightful, and deeply revealing chapters, Sheila Walsh shows how personal brokenness can open doors of intimacy with Jesus Christ that might never open in any other way. It's not that God loves broken people more than those who imagine themselves to be whole; it's simply that they know they are loved. They dare to believe it, and through such trust, a new wholeness emerges from yesterday's broken pieces. *Healing Crisis and Trauma with Mind, Body, and Spirit* Barbara Rubin Wainrib, 2006-03-17 Designated a Doody's Core Title. We live in a changed world, a world where the enemy is no longer in uniform on the other side of a trench. There is no longer an identified war zone, and the enemy may be the innocent-looking person standing next to us. Clear boundaries and an assumption of safety no longer exist. Learning new skills to address the injuries incurred by sudden trauma and unpredictable lives is essential. This book is written for those persons in the helping professions. It is also written for those who have a sufficient understanding of

psychology and a sufficient awareness of our current world and want to gain some knowledge about being helpful This book offers the educator and the practitioner training methods exercises and intervention techniques applicable to the gamut of experiences that we currently encounter It also will introduce readers to newer concepts and their applications such as role play spirituality the role of animals in healing and the concept of forgiveness Throughout the book whether it is in those who represent the highly resilient or those who continue to struggle a strengths perspective is emphasized Finally this book describes the Phoenix Phenomenon a concept Wainrib developed during the course of her teaching and practice which articulates and illustrates an inherent ability to use resilience in the process of converting pain into growth
