

Essay On Tourism

Crafting an essay on the subject of tourism can be both a fascinating and challenging endeavor. While tourism is a broad and dynamic field that offers a plethora of interesting aspects to explore, the difficulty lies in the need to strike a balance between informative content and engaging narrative.

One of the challenges is the vast scope of the topic itself. Tourism encompasses a wide array of subtopics, ranging from the economic impact of tourism on local communities to the cultural implications of mass tourism. Narrowing down the focus and maintaining a coherent flow of ideas can be demanding, requiring thorough research and careful planning.

Moreover, the challenge extends to presenting a unique perspective on a subject that has been extensively covered. The abundance of existing literature on tourism demands originality and creativity to capture the reader's attention. Striking the right balance between providing factual information and injecting a personal voice into the narrative is crucial.

Additionally, addressing the ethical and environmental concerns associated with tourism poses another layer of complexity. Discussing the impact of tourism on the environment, local cultures, and economies requires a nuanced approach, considering the various stakeholders involved.

Despite these challenges, writing an essay on tourism provides an opportunity for personal growth and intellectual exploration. It encourages critical thinking and the development of analytical skills. Successfully navigating through the intricacies of the topic can result in a rewarding and enlightening essay that contributes meaningfully to the discourse on tourism.

In conclusion, while writing an essay on tourism may present its share of difficulties, the process is ultimately enriching and worthwhile. The key lies in diligent research, thoughtful organization, and the ability to offer a fresh perspective on a well-explored subject.

Development of Tourism and Travel Industry Robin Watts & Zishan Parks, 2018-10-11 Nowadays senior government officials visit other countries to promote tourism in their country Because of the fact that the western capitalist world has huge amounts of capital at their disposal they are able to invest more money in the tourism industry for tourism development and as such they get huge dividends from tourism This work is an attempt in the collection of firsthand information from various areas of tourism industry draw from wide range of sources A travel agency is a private retailer or public service that provides travel and tourism related services to the public on behalf of

suppliers such as activities airlines car rentals cruise lines hotels railways travel insurance and package tours In addition to dealing with ordinary tourists most travel agencies have a separate department devoted to making travel arrangements for business travelers and some travel agencies specialize in commercial and business travel only There are also travel agencies that serve as general sales agents for foreign travel companies allowing them to have offices in countries other than where their headquarters are located Travel and tourism industry has now become the largest civilian industry in the world according to statistics one out of every ten person worldwide is part of the Travel and tourism industry Travel and tourism is one of the largest and fastest growing global service industries The travel and tourism industry along with the related sectors contributing to it is expected to grow in leaps and bounds in the coming years The book is a unique research account on tourism strategies and marketing It is an excellent asset for the students scholars and expert of tourism marketing

The Critical Turn in Tourism Studies Irena Ateljevic,Annette Pritchard,Nigel Morgan,2007-03-15 New approaches to tourism study demonstrate a notable critical turn a shift in thought that emphasises interpretative and critical modes of tourism inquiry The chapters in this volume reflect this emerging critical school of tourism studies and represent a coordinated effort of tourism scholars whose work engages innovative research methodologies Since such work has been dispersed across a variety of tourism related and other research fields this book responds to a pressing need to consolidate recent advances in a single text Adopting a broad definition of criticality the contributors seek to find fresh ways of theorising tourism by locating the phenomenon in its wider political economic cultural and social contexts The collection addresses the power relations underpinning the production of academic knowledge presents a range of qualitative data collection methods which confront the field s dominant post positivist approaches foregrounds the emotional dynamics of research relations and explores the personal the political and the situated nature of research journeys The book has been divided into two parts with the essays in the first part establishing a context specific framework for engaging philosophical and theoretical debates in contemporary tourism enquiry The second set of essays then present discuss and critique specific methodologies research techniques methods of interpretation and writing strategies all of which are in some sense illustrative of critical tourism research Contributors range from postgraduate students to established academics and are drawn from both the geopolitical margins and the powerbases of the tourism academy Their various relationships with the English speaking academy thus range from relative outsider to well positioned insider and as a result their essays are reflective of a range of locations within the complexly spun web of academic power relations and social divisions

Travel, Tourism, and Identity Gabriel R. Ricci,2017-09-29 Travel Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups Whether such contact is the result of tourism seeking exile or relocating abroad the volume s contributors demonstrate how one s identity cultural assumptions and worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between

himself and the new society is fairly easy In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions The contributors argue that making these adjustments will surely enhance the traveller's or tourist's experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him This latest volume in the Culture Civilization series features a collection of essays on travel and tourism The essays cover a range of topics from historical travels to modern social identities They discuss ancient travels contemporary travels in Europe Africa and sustainable eco tourism and the politics of tourism Essays also address experiences of Grenada's Spice Island identity and the effects of globalization and migrations on personal identity

Rural Tourism Development E. Wanda George, Heather Mair, Donald G. Reid, 2009-03-18 Rural tourism represents a merging of perhaps two of the most influential yet contradictory features of modern life Not only are the forces of economic social cultural environmental and political change working to redefine rural spaces the world over but broad

global transformations in consumption and transportation patterns are reshaping leisure behaviour and travel For those concerned with both the nature of change in rural areas and tourism development the dynamics and impacts of integrating these two dramatic shifts are not well known but yet are becoming increasingly provocative discourses for study This book links changes at the local rural community level to broader more structural considerations of globalization and allows for a deeper more theoretically sophisticated consideration of the various forces and features of rural tourism development While Canadian in content the cases and discussions presented in this book can be considered generally relevant to any rural region continentally and globally that has undertaken or is considering rural tourism development

Trust, Tourism Development and Planning Robin Nunkoo, Stephen L.J. Smith, 2014-08-07 The dynamics of trust and distrust are central to understanding modern society social relations and development processes However numerous studies suggest that societal trust and citizen s trust in government and its institutions are on the decline challenging the legitimacy of government and leading to an undemocratic and unsustainable form of development Recognizing its importance the authors for the first time situate trust within the context of tourism development and planning This volume discusses trust in tourism from different yet intrinsically connected perspectives Chapters review how diminishing societal trust may have adversely affected tourism planning systems the role of trust in good tourism governance and sustainable tourism how trust can be used as a facilitator of participatory tourism planning political trust in tourism institutions power and how tourism development can be a basis for trust creation among society members by using social capital theory In addition a final section on Researching Trust in Tourism Development means that readers are not only provided a thorough theoretical framework on trust and an understanding of its importance for sustainable tourism and good governance of the sector but also methodological aspects of research on trust in the context of tourism development and planning This significant volume is valuable reading for students academics and researchers interested in tourism development and planning
