Microsoft Excel User Manual 2007:

Excel 2007: The Missing Manual Matthew MacDonald, 2006-12-27 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft's documentation is as scant as ever so even if users can find advanced features they probably won't know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It's a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information

Office and SharePoint 2010 User's Guide Michael Antonovich, 2010-08-06 Web sites collaboration document management paperless offices we want it all in business today but how do we achieve all of these goals More importantly if you work for one of the millions of small to medium sized businesses how do you find the time to build the expertise necessary to reach these goals Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively You need a guide that demonstrates a platform that small to medium sized businesses can use to reach these goals Office and SharePoint 2010 User's Guide demystifies the path that every Microsoft Office user can follow to benefit from the synergism of tools they are already familiar with Together with SharePoint 2010 users can achieve goals like web sites with a consistent single view improved collaboration within their organization and better document management and may even get one step closer to the paperless office we've been promised for years This book has topics for Office users of all skill levels from those just starting to use Office tools to experienced power users It examines each major Office tool and shows how it contributes to the support and use of SharePoint in today's increasingly electronic based office environment

SharePoint 2010 User's Guide Seth Bates, Anthony Smith, Roderick Smith, 2010-07-30 Microsoft SharePoint Foundation 2010 and SharePoint Server 2010 provide a collection of tools and services you can use to improve user and team productivity make information sharing more effective and facilitate business decision making processes In order to get the most out of SharePoint 2010 you need to understand how to best use the capabilities to support your information management collaboration and business process management needs This book is designed to provide you with the information you need to effectively use these tools Whether you are using SharePoint as an intranet or business solution platform you will learn how to use the resources such as lists libraries and sites and services such as publishing workflow and policies that make up these environments Information and process owners will be given the

knowledge they need to build and manage solutions Information and process consumers will be given the knowledge they need to effectively use SharePoint resources In this book Seth Bates and Tony Smith walk you through the components and capabilities that make up a SharePoint 2010 environment Their expertise shines as they provide step by step instructions for using and managing these elements as well as recommendations for how to best leverage them As a reader you ll then embrace two common SharePoint uses document management and project information management and walk through creating samples of these solutions understanding the challenges these solutions are designed to address and the benefits they can provide The authors have brought together this information based on their extensive experience working with these tools and with business users who effectively leverage these technologies within their organizations These experiences were incorporated into the writing of this book to make it easy for you to gain the knowledge you need to make the most of the product
