

had dropped out of my courses a few months earlier. To me it seemed as if they similarly rejected school and found a different path. One day during lunch I ate with them and then walked with them as they went behind the school. There was a pasture next door where they would sneak away and smoke marijuana. As we were running I turned my head and noticed the school resource officer standing right beside us; he had watched us the entire time. I ended up receiving a week-long suspension. At the time I was truly furious with what had happened, but today I realize it was a turning point in my life. I consider Hartman's story when he writes, "I became a bulldog and I spoke --truly spoke, clearly for the first time" (Hartman). After this incident I too found my voice. While at times I continued to question life, I learned to find my own meaning and appreciate everyday for what it is.

My favorite teacher in high school was my junior year English teacher Mr. Harvey. Before enrolling in his course English had always seemed to be to be a study of grammar, structure, vocabulary, and ancient texts that held little resemblance to my modern existence. Throughout my junior year of high school I came to gain a much deeper appreciation for literature and poetry, and the ways that writing empower our lives. The first day of class we walked in and after head administered an introductory talk had everyone in the class stand up. We then walked into procession to a desk he had at the front of the room; we were instructed to step onto the desk and then jump off. The intention was so that the class would become more comfortable with jumping into the intellectual unknown. Throughout the semester Mr. Harvey regularly came up with novel and unique teaching methods. One day the class would be outside at the lake writing

Let us pause for a moment dear Reader what would happen if that old crone that shadow behind our backs instead of arousing in us only panic and inconsolable sorrow became the most demanding though often invisible teacher in our lives What if every breath even the shallowest one we take with such self satisfaction was nothing more than another lesson in this bizarre school called life whose end though so stubbornly repressed from our consciousness is not at all a definitive conclusion but rather an ironic beginning of a completely new way of looking at this chaotic spectacle in which we play the leading roles Death the Best Teacher of Life is not a gloomy chronicle of dying you won't find instructions for operating a coffin here nor a guide on how to write a moving epitaph This my dear friend is a guide to the art of living with a full awareness of its temporality Together we will consider how this constant awareness that everything from the most passionate romance to the most delicious pizza has its inexorable end perversely changes our perception of every fleeting moment every momentous decision every spontaneous smile But do not fear we will not wallow in melancholic reflections on transience or feed ourselves with pessimistic visions This book aims rather to nudge you pull you out of the comfortable armchair of your illusions take your hand and with contagious lightness seasoned with a pinch of dark humor help you look at your own often absurd life from a completely new surprisingly liberating perspective After all this Death though seemingly dark and unapproachable is actually the most perfect albeit somewhat macabre mascot in this theater of human existence Sometimes it smiles at us with ironic indulgence other times it looks serious as if grading our life essay and sometimes it even becomes grotesque in its unpredictable choices But one thing is certain there is nothing more absurd more comically tragic than a life lived without even a shadow of awareness of its inevitable end And it is precisely this fundamental absurdity this tightrope walk stretched over the abyss of nothingness that is the beating heart of this story We wander then together you with your fears and hopes I as your guide through this strange territory and that third one always present though often ignored Death through the funniest most moving and sometimes most embarrassing nooks and crannies of human existence to discover that the greatest most fundamental truths about life are not hidden in pompous phrases or lofty ideas They are hidden in small often underestimated gestures in the laughter we can muster in the face of adversity in those ordinary everyday moments that if we only stopped for a moment and noticed them would have a value for us greater than any material wealth or ephemeral achievement So prepare yourself for a lesson that will surprise you with its unconventional approach Because this Death our uninvited teacher can not only teach but also entertain and in a way you never ever expected And Antoni whose adventures

we will follow will be our tragic and comical guide through this extraordinary deadly school of life Translator Andrzej Stanislaw Budzinski PUBLISHER TEKTIME **Antioch** Pharcellus Church,1843 **The Six-Minute Memoir** Mary Helen Stefaniak,2022-10-25 This collection of short essays delivers more joy than many books twice its size Culled from two decades worth of Mary Helen Stefaniak s Alive and Well column in the Iowa Source each essay invites readers into the ordinary life of a woman with a family and friends and a job and a series of cats and a history living in one old house after another at the turn of the twenty first century in the middle of the Middle West One great aunt presides over nineteen acres of pecan grove profitably strewn with junk A borrowed hammer rings with the sound of immortality Famous poets pipe up where you least expect them Living and dying are found to be two sides of the same remarkable coin What s more writing prompts at the end of the book invite readers to search their own lives for such moments the kind that could be forgotten but instead are turned by the gift of perspective and perfectly chosen detail into treasure The Six Minute Memoir encourages people to tell their own stories even if they think they don t have the kind of story that belongs in a memoir How to be a Good Teacher , **The Classical Legacy of Gilbert Highet** Robert J.
