Newman,Hella Winston,2016-04-19 From Katherine Newman award winning author of No Shame in My Game and sociologist Hella Winston a sharp and irrefutable call to reenergize this nation s long neglected system of vocational training After decades of off shoring and downsizing that have left blue collar workers obsolete and stranded the United States is now on the verge of an industrial renaissance But we don t have a skilled enough labor pool to fill the positions that will be created which are in many cases technically demanding and require specialized skills A decades long series of idealistic educational policies with the expressed goal of getting every student to go to college has left a generation of potential workers out of the system Touted as a progressive egalitarian institution providing opportunity even to those with the greatest need the American secondary school system has in fact

deepened existing inequalities We can do better argue acclaimed sociologists Katherine Newman and Hella Winston Taking a page from the successful experience of countries like Germany and Austria where youth unemployment is a mere 7% they call for a radical reevaluation of the idea of vocational training long discredited as an instrument of tracking The United States can prepare a new high performance labor force if we revamp our school system to value industry apprenticeship and rigorous technical education By doing so we will not only be able to meet the growing demand for skilled employees in dozens of sectors where employers decry the absence of well trained workers we will make the American Dream accessible to all *Boating* ,1995-01 October 2022 - Surplus Record Machinery & Equipment Directory Surplus Record,2022-10-01 SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 100 000 industrial assets including metalworking and fabricating machine tools chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD October 2022 issue Vol 99 No 10 **Yachting** ,1999-02 **Yachting** ,1999-04 **Yachting** ,1999-06 *Yachting* ,1999-01 **Hollowed Ground** Larry D. Lankton,2010 Details a century and a half of copper mining along Upper Michigan s Keweenaw Peninsula from the arrival of the first incorporated mines in the 1840s until the closing of the last mine in the mid 1990s In *Hollowed Ground* author Larry Lankton tells the story of two copper industries on Lake Superior native copper mining which produced about 11 billion pounds of the metal from the 1840s until the late 1960s and copper sulfide mining which began in the 1950s and produced another 4 4 billion pounds of copper through the 1990s In addition to documenting companies and their mines mills and smelters *Hollowed Ground* is also a community study It examines the region s population and ethnic mix which was a direct result of the mining industry and the companies paternalistic involvement in community building While this book covers the history of the entire Lake Superior mining industry it particularly focuses on the three biggest most important and longest lived companies Calumet Hecla Copper Range and Quincy Lankton shows the extent of the companies influence over their mining locations as they constructed the houses and neighborhoods of their company towns set the course of local schools saw that churches got land to build on encouraged the growth of commercial villages on the margin of a mine and even provided pasturage for workers milk cows and space for vegetable gardens Lankton also traces the interconnected fortunes of the mining communities and their companies through times of bustling economic growth and periods of decline and closure *Hollowed Ground* presents a wealth of images from Upper Michigan s mining towns reflecting a century and a half of unique community and industrial history Local historians industrial historians and anyone interested in the history of Michigan s Upper Peninsula will appreciate this informative volume Canadian Fisherman & Ocean Science ,1973 *Yachting* ,1999-03 *Yachting* ,1998-12
