Lie, 2021-10-22 Django Generations shows how relationships between racial identities jazz and national belonging become entangled in France Jazz manouche a genre known best for its energetic guitar centric swing tunes is among France's most celebrated musical practices of the twentieth and twenty first centuries It centers on the recorded work of famed guitarist Django Reinhardt and is named for

the ethnoracial subgroup of Romanies also known often pejoratively as Gypsies to which Reinhardt belonged French Manouches are publicly lauded as bearers of this jazz tradition and many take pleasure and pride in the practice while at the same time facing pervasive discrimination Jazz manouche uncovers a contradiction at the heart of France's assimilationist republican ideals the music is portrayed as quintessentially French even as Manouches themselves endure treatment as racial others In this book Siv B Lie explores how this music is used to construct divergent ethnoracial and national identities in a context where discussions of race are otherwise censured Weaving together ethnographic and historical analysis Lie shows that jazz manouche becomes a source of profound ambivalence as it generates ethnoracial difference and socioeconomic exclusion As the first full length ethnographic study of French jazz to be published in English this book enriches anthropological ethnomusicological and historical scholarship on global jazz race and ethnicity and citizenship while showing how music can be an important but insufficient tool in struggles for racial and economic justice *Eurojazzland*

Luca Cerchiari, Laurent Cugny, Franz Kerschbaumer, 2012-07-10 The critical role of Europe in the music personalities and analysis of jazz *Jazz Diasporas* Rashida K. Braggs, 2016-01-26 At the close of the Second World War waves of African American musicians migrated to Paris eager to thrive in its reinvigorated jazz scene Jazz Diasporas challenges the notion that Paris was a color blind paradise for African Americans On the contrary musicians adopted a variety of strategies to cope with the cultural and social assumptions that confronted them throughout their careers in Paris particularly as France became embroiled in struggles over race and identity when colonial conflicts like the Algerian War escalated Using case studies of prominent musicians and thoughtful analysis of interviews music film and literature Rashida K Braggs investigates the impact of this postwar musical migration She examines key figures including musicians Sidney Bechet Inez Cavanaugh and Kenny Clarke and writer and social critic James Baldwin to show how they performed both as artists and as African Americans Their collaborations with French musicians and critics complicated racial and cultural understandings of who could represent authentic jazz and created spaces for shifting racial and national identities what Braggs terms jazz diasporas

The Fierce Urgency of Now Daniel Fischlin, Ajay Heble, George Lipsitz, 2013-06-14 The Fierce Urgency of Now offers an impassioned call to take the practices of musical improvisation often associated with jazz performance as a model for social justice activism *The Gypsy Caravan* David Malvinni, 2004-05 A formidable challenge to the study of Roma Gypsy music is the muddle of fact and fiction in determining identity This book investigates Gypsy music as a marked and marketable exotic substance and as a site of active cultural negotiation and appropriation between the real Roma and the idealized Gypsies of the Western imagination David Malvinni studies specific composers including Liszt Brahms Rachmaninov Janacek and Bartók whose work takes up contested and varied configurations of Gypsy music The music of these composers is considered alongside contemporary debates over popular music and film as Malvinni argues that Gypsiness remains impervious to empirical revelations about the real Roma **Jazz Education Guide**, 2006 **Modern France** Michael F.
