Burbach, 2021-07-27 An invaluable aid to masters of ships for more than 30 years Since the initial publication of the third edition in 2001 many substantive changes have occurred in both the legal and operational environments affecting seagoing vessels and their crews In response to these changes this book has been completely updated and been renamed to include masters on all seagoing vessels including oceangoing tugs A complete guide for the newly appointed master it is also useful to experienced masters as a checklist for the voluminous paperwork required in all phases of business aboard including shipping articles vessel documents and certificates crew lists customs and immigration requirements accounting procedures bills of lading charter parties vessel accidents and logbooks The master of a vessel is required to comply with state and federal laws that apply to the vessel and crew the laws of foreign countries when the vessel

is in their waters and applicable international law Mastering the details of these various jurisdictions can be intimidating but this handbook demystifies the regulations and states the requirements in plain language New topics in the fourth edition include vessel security communications and flag etiquette Useful appendixes give details on various agencies and contact personnel acronyms and definitions and medical evacuation and travelers insurance companies *Master Spy* Ian Colvin, 2019-12-06 *Master Spy* first published in 1951 recounts the career of Admiral Wilhelm Canaris who served as Hitler's Chief of Intelligence for nine years but who was a quiet supporter of the German resistance to Hitler Charming exacting mistrustful and soft spoken Canaris became an Admiral during the WWI but officially entered the Abwehr Security Service in 1935 of which he was later to become head The book details the military and diplomatic interchanges in which he took part including the incidents in which Canaris sabotaged and betrayed German plans from the Munich pact to the proposed invasion of England and throughout the war until his deposition by Hitler in 1944 and his execution in 1945 Perhaps most importantly Canaris personally talked General Franco out of entering the war on Germany's side arguing that he would be aligning himself with the wrong side This prevented any assault on Gibraltar and kept the Mediterranean open for allied shipping Without Canaris the allies would have had significant difficulty in launching their North African Sicilian or Italian campaigns After Stauffenberg's July 20 1944 bomb plot against Hitler the Canaris group was implicated arrested and transferred to various concentration camps In September 1944 incriminating documents were found in the safe of Abwehr officer Werner Schrader following that officer's July 28 1944 suicide Later Canaris' complete personal diary was found in another safe at Zossen The diaries made clear that Canaris had been playing a double game against the Nazis since before the war enraging Hitler On April 9 1945 Canaris and several other members of the Abwehr resistance circle were put on trial in an SS kangaroo court and were hung at KZ Flossenburg on Hitler's direct orders Author Ian Colvin a correspondent of the London News Chronicle had worked in pre war Berlin where he made secret contacts with anti Nazis He was later expelled from Germany Mastering Rebreathers Jeffrey E.
