

MS Project has several other views and options so you can configure your Project Plan to suit your requirements. Try to make sure that the indicator column is always visible so that I can check for dependencies (the explanation of constraints can be [helped here](#)) and also like to show both the Resource and location columns, so that I can check that all of the tasks have the correct dependencies. The icon grid used in Project can be used as a tool to set up that security for you.
