developments in South Korea's national health insurance system since 1989 in terms of financing delivery systems and outcomes. The volume analyzes the efficiency of cost and service delivery by public sectors versus private sectors. It points out areas of challenge to future Korean health care reform. Chapter authors in this volume are leading experts involved in Korean health care policy implementation. Volume 4 reviews the development and achievements of Taiwan Health Insurance since 1995. Because of its continuous reform in payment services delivery and pharmaceutical technology, Taiwan has been considered a model example of universal health insurance among global health systems. This volume shows the processes used to translate policy research findings into policy changes. While the health care reform in Taiwan is ongoing, the Taiwan example provides a real world and practical understanding of health care system changes. In summary, this four volume set makes an outstanding contribution to health care system reform and policy research based on solid scholarly work. It also introduces policy researchers and academic communities to current debates about health systems, health financing, and universal health coverage. This reference volume is a must for anyone keen on East Asia's health care system reform dynamics and changing scene. **Mathematics 2007**, 2007 **Praxis Prep 2017-2018** Kaplan Test Prep, 2017-06-06
