Theatre and Performance in the Neoliberal University Kim Solga, 2019-11-21 Exploring how educators and institutions might embrace the STEAM turn to ensure that theatre and performance can be instrumental to the neoliberal university without being instrumentalized by it this volume showcases alternative models for teaching and learning in theatre and performance in a neoliberal age Originally a special issue of *Research in Drama Education* this volume foregrounds the above ideas in six principal articles and provides a range of potential models for change in twelve case study discussions Detailing a variety of best practices in theatre and performance education contributors demonstrate how postsecondary educators around the world have recentred drama and performance by collaborating with STEM side faculty using theatre principles to frame and support interdisciplinary learning and working toward important applications beyond the classroom Arguing that the neoliberal university needs theatre and performance more than ever this valuable collection emphasizes the critical contribution which these subjects continue to make to the development of students staff and institutions This book will be of particular interest to students researchers and librarians in the fields of Theatre Studies Performance Studies Applied Theatre Drama in Education and Holistic Education *2012-2013 College Admissions Data Sourcebook Midwest Edition* , *Language Policy and Planning in Universities* Anthony J. Liddicoat, 2018-10-18 In a world where higher education is increasingly internationalised questions of language use and multilingualism are central to the ways in which universities function in teaching research and administration Contemporary universities find themselves in complex linguistic environments that may include national level language policies local linguistic diversity an internationalised student body increasing international collaboration in research and increased demand for the use and learning of international languages especially English The book presents a critical analysis of how universities are responding these complexities in different contexts around the world The contributions show that language issues in universities are complex and often contested as universities try to negotiate the national and the international in their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of *Current Issues in Language Planning* *2010-2011 College Admissions Data Sourcebook West Edition* , 2010-09 *Army* , 1984 **Commonwealth Universities Yearbook** , 2006 **Mapping research and innovation in the Republic of Zimbabwe** Lemarchand, Guillermo A., Schneegans, Susan, 2014-08-11 **Rebuilding Higher Education Systems Impacted by Crises: Navigating Traumatic Events, Disasters, and More** Kayyali, Mustafa, 2024-04-05 The resilience and adaptability of higher education systems are under unprecedented strain From natural disasters to pandemics and

economic crises to political turmoil universities and colleges worldwide have grappled with a myriad of crises that disrupt their core missions of teaching research and community engagement As we find ourselves at the crossroads of these tumultuous times the imperative to reconstruct and revitalize higher education systems becomes increasingly evident *Rebuilding Higher Education Systems Impacted by Crises Navigating Traumatic Events Disasters and More* is a pioneering work that addresses the critical issues surrounding the restoration of higher education systems in the wake of various crises This book serves as a roadmap for educators administrators policymakers and stakeholders who share a commitment to preserving and advancing higher education even in the face of adversity The 21st century has witnessed a rapid escalation in the frequency and severity of crises affecting higher education institutions These crises span from the abrupt shift to online learning necessitated by the COVID 19 pandemic to the enduring ramifications of climate change on campus infrastructure Additional factors such as financial pressures evolving demographics and the ever changing technological landscape further complicate the challenge This book embarks on a deep exploration of these challenges and offers practical solutions making it an indispensable resource for anyone vested in the future of higher education
