Word 2007 for Starters Chris Grover, 2007 Clear explanations step by step instructions and lots of illustrations guide you through Microsoft Word's most useful features

Word 2007: The Missing Manual Chris Grover, 2006-12-21 Microsoft Word has grown considerably in power sophistication and capability over the past decade but one thing that hasn't changed since the early 90s is its user interface The simple toolbar in version 2.0 has been packed with so many features since then that few users know where to find them all Consequently more and more people are looking for insider tips that will allow them to use these advanced and often hidden features Microsoft has addressed this problem in Word 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft's documentation is as scant as ever so even though you will be able to find advanced features you might not know what to do with them Word 2007 The Missing Manual written specifically for this version of the software explains basics like how to create documents enter and edit text format print and fax You will also learn how to create sophisticated page layouts insert forms and tables use graphics and create book length documents with outlines and Master Documents Coverage also includes how to share documents with other people and programs create web pages automate documents with fields and automate tasks with macros and the Visual Basic scripting language This book shows you how to do it all

Word 2007 Connie Morrison, 2007-05-02 If you're familiar with Word but not Word 2007 this is the book for you Word 2007 Beyond the Manual focuses on features of Word 2007 as well as older features that were once less accessible than they are now This book also makes a point to include examples of practical applications for all the new features Written by Connie Morrison a university instructor of Microsoft applications this book will help you grow into a confident Word 2007 user The book assumes familiarity with Word 2003 or earlier versions so you can work effectively with the material here Overall this book cuts to the chase by skipping over basic or obvious features to get you up and running with Word 2007 in the shortest possible time

The Unofficial Guide to Microsoft Office Word 2007 David J. Clark, 2008-02-11 The inside scoop for when you want more than the official line Microsoft Office Word 2007 may be the top word processor but to use it with confidence you'll need to know its quirks and shortcuts Find out what the manual doesn't always tell you in this insider's guide to using Word in the real world How do you use the new Ribbon What's the best way to add pictures From deciphering fonts to doing mass mailings first get the official way then the best way from an expert Unbiased coverage on how to get the most out of Word 2007 from applying templates and styles to using new collaboration tools Savvy real world advice on creating document for the Web saving time with macros and punching up docs with SmartArt Time saving techniques and practical guidance on working around Word quirks avoiding pitfalls and increasing your productivity Tips and hacks on how to customize keyboard shortcuts how to embed fonts and quick ways to get to Help Sidebars and tables on TrueType versus Printer fonts Word 2007 View modes and tabs in Word 2007 Watch for these graphic icons in every chapter to guide you to

specific practical information Bright Ideas are smart innovations that will save you time or hassle Hacks are insider tips and shortcuts that increase productivity When you see Watch Out heed the cautions or warnings to help you avoid common pitfalls And finally check out the Inside Scoops for practical insights from the author It s like having your own expert at your side
