**The Jester and the Sages** Forrest G. Robinson, Gabriel Noah Brahm, Jr., Catherine Carlstroem, 2012-01-01 The Jester and the Sages approaches the life and work of Mark Twain by placing him in conversation with three eminent philosophers of his time Friedrich Nietzsche Sigmund Freud and Karl Marx Unprecedented in Twain scholarship this interdisciplinary analysis by Forrest G Robinson Gabriel Noah Brahm Jr and Catherine Carlstroem rescues the American genius from his role as funny man by exploring how his reflections on religion politics philosophy morality and social issues overlap the philosophers developed thoughts on these subjects Remarkably they had much in common During their lifetimes Twain Nietzsche Freud and Marx witnessed massive upheavals in Western constructions of religion morality history political economy and human nature The foundations of reality had been shaken and one did not need to be a philosopher nor did one even need to read philosophy to weigh in on what this all might mean Drawing on a wide range of primary and secondary materials the authors show that Twain was well attuned to debates of the time Unlike his Continental contemporaries however he was not as systematic in developing his views Brahm and Robinson s chapter on Nietzsche and Twain reveals their subjects common defiance of the moral and religious truisms of their time Both desired freedom resented the constraints of Christian civilization and saw punishing guilt as the disease of modern man Pervasive moral evasion and bland conformity were the principal end result they believed In addition to a continuing focus on guilt Robinson discovers in his chapter on Freud and Twain that the two men shared a lifelong fascination with the mysteries of the human mind From the formative influence of childhood and repression to dreams and the unconscious the mind could free people or keep them in perpetual chains The realm of the unconscious was of special interest to both men as it pertained to the creation of art In the final chapter Carlstroem and Robinson explain that despite significant differences in their views of human nature history and progress Twain and Marx were both profoundly disturbed by economic and social injustice in the world Of particular concern was the gulf that industrial capitalism opened between the privileged elite property owners and the vast class of

property less workers Moralists impatient with conventional morality Twain and Marx wanted to free ordinary people from the illusions that enslaved them Twain did not know the work s of Nietzsche Freud and Marx well yet many of his thoughts cross those of his philosophical contemporaries By focusing on the deeper aspects of Twain s intellectual makeup Robinson Brahm and Carlstroem supplement the traditional appreciation of the forces that drove Twain s creativity and the dynamics of his humor

**The Making of a Syrian Identity** Fruma Zachs,2005-05-01 Exploring the origins and development of the Syrian identity during the 18th and 19th centuries through the role of Christian Arab intellectuals and merchants Ottomans and American missionaries this volume examines its background stages of evolution and components It shows that the contribution of these Christian Arabs despite their relatively small number lies in the processes they set in motion being the first to promote territorial concepts along with a secular interpretation of Arab culture This Syrian identity constitutes an innovative case study in the broader discipline of proto national identity and the study of the development of local identities in Middle Eastern countries It is also
